ANNEXURE

In the matter of an industrial dispute existing between Messrs. Hooghly Docking and Engineering Co. Ltd., 6 Howrah Road, Howrah and their workmen represented by Hooghly Dock Employees' Union, 22 Nanda Lall Mitra Lane, Salkia. Howrah. (Case No. 112 of 1966.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri L. C. BANERJEE, Judge,

Fifth Industrial Tribunal

Present for the Company: Shri P. P. Ginwala, Counsel, and Shri A. Choudhuri, Counsel.

Present for the Union: D. L. Sen Gupta, Advocate.

The Government of West Bengal, in the Labour Department, by its order No. 1487-I.R./IR/10L-110/66, dated 18th April 1966, has referred under section 10 of the Industrial Disputes Act an industrial dispute existing between Messrs. Hooghly Docking & Engineering Co. Ltd., and their workmen represented by Hooghly Dock Employees' Union, to this Tribunal for adjudication upon the following issue:

Issue

Whether the termination of service of the following workmen is justified? To what relief, if any, are they entitled?

1. Shri Srimanta Kumar Das, 2. Shri Panchanan Maity, 3. Shri Syamalendu Chatterji, 4. Shri Benode Behari Chakravorty, 5. Shri Joygopal Banerji, 6. Shri Sanat Paul, 7. Shri Panchupada Majhi, 8. Shri Anil Sekhar Mazumdar, 9. Abdul Rouf Mullick, 10. Shri Keshob Lal Choudhury, 11. Shri Birendra Kr. Chakravorty, 12. Shri Madhab Ch. Mitra,

13. Shri Kalidas Roy, 14. Shri S. N. Sen Gupta, 15. Shri Bhupesh Mazumdar, 16. Shri S. N. Dutta and Shri Sukesh Ch. Chatterji.

After service of usual notices the Union appeared and filed its statement on 18th May 1966. The Company took a preliminary objection to the effect that the reference was bad but this plea was negatived by the Tribunal on 4th July 1966. After that the Company filed its written statement on 28th July 1966. Thereafter documents were filed by the Union and the Company on 17th August 1966 and 25th January 1967 respectively. The case was taken up for hearing on 28th January 1967 and it continued till 27th February 1967. The Union examined 4 witnesses, and the Company examined two.

Admittedly, the Company is a ship building and ship repairing concern, and Messrs. Martin Burn Ltd., were the Managing Agents of the Company. The case of the Union, inter alia, is that the Company has no fixed retiring age for the employees who continue in service so long as they are physically fit. But suddenly the Company by notices, dated 19th March 1966, terminated the services of 17 clerks, and in effecting this retrenchment the Company proceeded illegally, arbitrarily and in a mala fide manner without observing the conditions as provided in section 25F of the Industrial Disputes Act, and also that the Company did not follow the principle of "last come, first go" in retrenching these people. There was no dearth of work in the factory or in the office, and that the work-load of the existing staff has increased after the retrenchment of the 17 employees. It is further alleged that the Company had caused 11 employees retire arbitrarily in October 1965, and as the Union was agitating against this action, that is why these 17 workmen were retrenched just to victimise the Union. Lastly, the Union contends that out of the 17 employees retrenched, Shri Kalidas Roy has intimated the Union that his case should not be faught before the Tribunal, and so the Union does not press his case although it maintains that the Company had no justification to retrench him. The Union, therefore, prays for reinstatement of the remaining 16 retrenched clerks with full back wages.

The case of the Company, in brief, is that one of the retrenched employees, namely, Shri Sukesh Chandra Chatterji is a Supervisor drawing a total emolument exceeding Rs. 500 per month and, as such, he is not a 'workman', and that he and five other retrenched employees, namely, Sarbashri Srimanta Kumar Das, Birendra Kumar Chakravorty, Kalidas Roy, S. N. Sen Gupta and Bhupesh Majumdar, have taken payment from the Company of all their dues including retrenchment compensation in full and final settlement of their claims against the Company, and also their Provident Fund dues.

The Company further contends that in 1961 it sustained heavy losses of over 20 lacs of rupees, and in 1962 and 1963 it made modest profits. Then again in the years 1964 and 1965 the Company sustained heavy losses of Rs. 6,72,000 and Rs. 14,39,000 respectively. In view of the precarious financial position and the staggering losses the Company was faced to take all possible economic measures it considered necessary including reorganisation and readjustment of the staff according to its requirement. Since 1962 the number of European staff has been reduced from six to one only, and the strength of Indian Supervisory and officers staff has been reduced by over 40 per cent. The Company's labour force was reduced by 290. Since October 1965 the Company placed 12 clerical staff on retirement. Upon a careful review of its clerical staff position during its reorganisation as aforesaid, a large number of them were found to be completely surplus to its requirement. However, as a matter of caution, the Company decided to reduce the strength of its clerical staff in stages and, accordingly 17 persons mentioned in the order of reference were selected as the second batch of employees for retrenchment. The Company asserts that the conditions precedent to the retrenchment as laid down in section 25F of the Industrial Disputes Act had been complied with, and due notices were sent to the authorities. The principle of 'last come, first go' was duly observed.

The management has adduced evidence to show that of late the Company was running at a loss. This fact will appear in the balance-sheets and Profit and Loss Accounts, Ext. H series. The Chart, Ext. F would show that in 1964 and 1965 the Company suffered heavy losses. O.P.W. 2 Shri L. H. Das, the Chief Accountant of the Company, also testifies about this loss. It appears that O.P.W. 1 Shri A. C. Banerji, who was the Works Manager of Burn & Company, was transferred to the Hooghly Docking and Engineering Company Ltd., in September 1965 with a special assignment for finding out means to improve the working of the Hooghly Docking and Engineering Company Ltd., which was suffering losses. The administration was reorganised by him, and in doing so he abolished Production Control Department and Shipyard Progress Section which were found to be redundant. He also transferred some of the staff from one section to another and retrenched some. It was in respect of this order of retrenchment, dated 21st March 1966 that the Union has raised the present dispute.

Of course the management was justified in reorganising the Company in view of the losses suffered by it. The management has also the right to retrench workmen if they are found to be surplus. But it must be shown that the retrenchment was made bona fide following the principle of 'last come, go first'. The chart, Ext. D, has been produced by the Company showing the position of workers in the new set up, as arrived at by Shri Banerji. We are concerned with the 17 workmen whose names appear in the order of reference, and this chart will show the dates of appointments and the sections to which they were attached. Ext. D comprises of two parts,—the first part contains the names of technical staff and the second part contains the names of the clerical staff. Item No. 5 of part I of this chart shows

the names of 6 employees attached to the Mechanical Drawing Office, and item No. 6 shows the names of 3 workmen of the Tracing Section of the drawing office. These 3 workmen of the Tracing Section have been retrenched on 21st March 1966, and they are Panchu Pada Manjhi, Panchanan Maity and Abdul Rouf Mullick. Their dates of appointment are 1st November 1937, 1st February 1947, and 5th January 1950 respectively. It may be noted that amongst the employees retained in the Drawing Office (item No. 5 of Ext. D), most are junior to the above three employees retrenched. Shri Banerji tried to explain this by saying that these 3 employees were doing the work of tracing, and as Shri Banerji abolished the Tracing Section of the Drawing Office, they were retrenched. But the case of the Union is that these workmen were really draughtsmen and not simply tracers. P.W. 2 Shri Panchanan Maity asserts that there were 12/14 draughtsmen, including him, at the time of retrenchment, and of them 5 or 6 were junior to him, and they were retained in service. He further says that he had a clean record of service and there was never any allegation against him. This fact has not been denied by the Company. It was elucidated in cross-examination of this witness that at first he was appointed as a Tracer and subsequently he was promoted to the rank of draughtsman about 8/10 years back. The admitted letters, Exts. 3 to 3(b) given by the management to these 3 workmen will show that they were addressed as 'Draughtsman' by the Company itself. So, when all the workmen of item Nos. 5 and 6 of the Chart Ext. D(part I) were draughtsmen, it was certainly not proper to select these three senior workmen for retrenchment on the ground that they were doing the work of tracing.

It appears from item No. 63 (Ext. D, part I) that three persons have been shown as attached to the Marine Department. One of them Shri S. N. Sen Gupta who was appointed in 1947, has been retrenched while the other two appointed in 1960 and 1961 have been retained. Of course, the words 'Mech. Asst.' appear under the name of Shri S. N. Sen Gupta, and not under the names of the other two, but there is no satisfactory evidence to prove that the nature of work Shri Sen Gupta was required to perform was quite different from that of the other two employees of the said department. So there was no justification in retrenching this senior employee retaining the other two juniors in employment.

It is the evidence of Shri Banerji that in selecting the personnel of the clerical staff for retrenchment, he proceeded sectionwise. In other words, he considered the cases of the employees of each section separately. He says that he transferred some of the clerks from one section to another, as far as practicable, and retrenched those who were found surplus to the requirement and could not be absorbed in any other section. This procedure adopted by Shri Banerji does not appear to be fair in view of the principle enunciated by the Hon'ble Supreme Court in the case of J. K. Iron & Steel Co. Ltd., reported in A.I.R. 1960, page 1288 wherein has been held "Clerks entrusted with such work may continue to do the same work till a readjustment of the work is made. There is no particular or scientific skill required in one class of work rather than in another. Clerks are not specifically trained to handle only a particular kind of work. Their work is easily convertible and one can replace another without any dislocation in the department. Unless there is a clear case made out by the management that a particular clerk doing a job similar to that of other clerks in other departments should be retained in preference to his senior clerks, the principle followed in industrial Law should be applied".

Having regard to the principle as stated above, Shri Banerji should have considered the cases of all the clerks taken together and retain the senior ones. From the chart, Ext. D, part II, it will appear that Shri Kalidas Roy was the seniormost in the Personnel and Labour Section (item No. 24), being appointed on 12th March 1947, but he was transferred to Process Planning Section (item No. 35) and placed there under another clerk whose date of appointment was 1st June 1945, and then he was retrenched on his becoming junior to that clerk in that section. Similarly, Shri Birendra Kumar Chakraborty of the Goods Receiving and Stores Issuing Section (item No. 40) whose date of appointment is 14th July 1958 and who was senior to Shri Sachindra Nath Sen Gupta appointed on 1st February 1960, was transferred to the Boiler Section (item No. 52) where he having become junior to all the clerks was retrenched, while Shri Sachindra Nath Sen Gupta was retained. There is no evidence on the side of the management to explain this sort of picking up of senior employees from various sections and then transferring them to other sections thereby making them junior to employees in those sections, and thereafter to retrench them. I may point out to another instance. In part II of the chart, Ext. D, we get a section named Purchase Section as shown in item No. 8, where there are 7 clerks. Shri Banerji introduced a new section, viz., Letter Despatch Section of Purchase Section (item No. 9), and Madhab Chandra Mitra who was appointed on 1st August 1946 and was senior to all other clerks of the Purchase Section, was retrenched by bringing him in this new Section. Shri Banerji himself says that the letter, Ext. 4, dated 19th March 1966, was issued by him to Madhab Chandra Mitra, and in this letter this clerk was shown as attached to the Purchase Section, and not to the Letter Despatch Section of the Purchase Section, though this letter was written long after the preparation of the chart Ext. D, in May 1965. Shri Banerji tried to explain this by saying that when they defined all sections according to works being done in respective sections, they did not officially change the names as the process of implementation was going on. It is difficult to accept this explanation. It is clear that had Madhab Mitra really been working in a different section from the Purchase Section (Dept), while selecting the personnel to be retrenched, that

section should have appeared under his name in the letter Ext. 4. This letter clearly shows that Shri Mitra was working in the Purchase Department even on 19th March 1966, and in that event there was no justification in retrenching him as he was much senior to other employees in this section. From all these facts and circumstances it is clear that though the management tried to reduce the expenses by diminishing the number of European officers and Indian officers (vide the chart Ext. C series), and by abolishing some of the sections, it did not observe the principle of "last come, first go" while selecting the clerks and other workmen to be retrenched.

It may be noted that Shri K. D. Chakravorty of the Stores Department (P.W. 4) alleges that after the reorganisation and retrenchment his work-load has increased, and he has to prepare receipt which previously used to be done by the Accounts Department.

The allegation of the Union is that the management retrenched some of the employees by way of victimisation as they started agitation when the management caused retirement of some of the employees from service. O.P.W. 1 Shri Amal Chandra Banerji admits that after joining this Company he got 11 persons retired from service and a dispute was raised over this retirement. P.W. 1 Shri Birendra Kumar Mitra alleges that the 17 employees whose names appear in the order of reference, were amongst the office-bearers and active members of the Union. This has not been denied.

Under section 25F of the Industrial Disputes Act it is incumbent on the management to pay retrenchment compensation to the retrenched workmen at the time of retrenchment, over and above one month's notice or one month's notice pay in lieu of notice. In the instant case the Company did not pay or offer any such retrenchment compensation to any of the retrenched workmen at the time of retrenchment. The workmen were served with a notice, Ext. B, dated 19th March 1966, wherein it was simply stated that they would be paid one month's pay in lieu of notice as per the terms of appointment and they were asked to collect their dues by prior appointment with the Works Accountant. It may be noted that in this letter there was offer of one month's pay in lieu of notice "as per the terms of appointment", and not as provided in section 25F of the Act. Moreover there is no mention of retrenchment compensation in this letter. Shri Banerji says that the word 'dues' would include retrenchment compensation as well. But if we read the letter as a whole, it cannot be gathered that by the word 'dues' the workmen were offered retrenchment compensation as well. Of course, the management realised the mistake, and by a subsequent letter, Ext. 1, dated 31st March 1966, 'retrenchment compensation' was specifically offered. But this was done 10 days after the retrenchment. Even in this letter one month's pay in lieu of notice was offered as per the statement in the previous letter, i.e., according to the terms of appointment, and there is no mention of notice pay as required under section 25F of the Act. The Learned Advocate for the Company argued that the subsequent offer of retrenchment compensation might be taken as a part of the same transaction when the first letter was given. But the provisions of section 25F are mandatory wich require that this retrenchment compensation must be paid at the time of retrenchment, and not afterwards. It may also be noted that the Company, admittedly, did not at the time of retrenchment send the prescribed notice to Government as laid down in clause (c) of section 25F. They sent this notice subsequent to retrenchment, as it will appear from the letter Ext. E, dated 30th March 1966. It is said in this letter and by Shri Banerji that this notice could not be sent earlier because of a strike by the clerical staff on 31st March 1966 and 22nd March 1966. But this is no excuse as there is nothing to show that the entire office was closed due to strike. The management could have sent this notice to Government at least on 23rd March 1966. But that was also not done.

Considering all the facts and points, I find that the retrenchment of 17 clerks was not bona fide, and they deserve reinstatement.

It should be noted, however, that some of these employees have taken their dues in full and final settlement of all their claims, excepting provident fund dues, as it will appear from the Pay Orders, Exts. A to A-5, filed by the Company. From these Pay Orders we get that Sarvasri Kalidas Roy, Srimanta Das, Satyendra Sen Gupta, Bhupesh Majumdar, Satyen Dutta and Sukesh Chatterji have taken away their dues. P.W. 1 Shri Birendra Kumar Mitra also gives the names of these six employees who have taken their dues in full and final settlement of all their dues. Of course, in the written statement filed by the Company we get another name, i.e., Birendra Kumar Chakravorty, among the persons who had taken away their dues. But no paper has been produced by the Company to prove this fact. The name of Satyendra Dutta does not appear in the written statement which was filed on 28th January 1966, and from Ext. A(1) we got that Satyen Dutta took his dues on that very date. It may be that he took the sum after the filing of the written statement. The Union has specifically stated that it will not press the case of Kalidas Roy. As regards the other five employees who have taken their dues, the Learned Advocate for the Union contended that they will not be affected for their taking of dues, and he referred to the case in 1952 L.A.C., 291 at page 293 wherein it has been laid down that more acceptance of wages in lieu of notice should not be given the normal effect which it would have in civil law, unless it is proved that the acceptance of those was a perfectly voluntary act on the part of the workmen. The Learned Advocate for the Union also referred to the case reported in 1964 I L.L.J., 333 at page 341. In that case after the retrenchment compensation was paid to the employees on 31st August 1959, the next day they

complained that they had been forced to accept the said compensation because they were virtually told that if they did not accept the compensation, they would not receive their wages for the month of August. In the instant case before us there is nothing to show that the 6 employees were forced to accept the dues offered by the Company. None of them has appeared in his Tribunal to say that they were compelled to take the dues on account of ecnomic distress or for some other causes. On the other hand, the oral and documentary evidence adduced by the Company show this acceptance of dues as a purely voluntarily act on the part of these employees.

Accordingly, the Tribunal directs that the Company should reinstate the retrenched workmen excepting those who have taken their dues and pay them all back wages.

Whether dismissal of Shri Basudev Pathak is justified? To what relief, if any, is he entitled?

After service of notices the parties duly appeared and filed their respective statement. Ultimately the case was fixed on 10th April 1967 for hearing. I considered the terms of settlement which appear to be fair, reasonable and lawful, and I accept the same.

Accordingly this award is passed in terms of the joint petition of compromise which do form part thereof as an annexure.

(Case No. 442 of 1966).

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :
Shri L. C. BANERJEE, Judge,
Fifth Industrial Tribunal.

Present for the Company : None.

Present for the Unions : None.

This industrial dispute between Messrs. The Calcutta Tramways Co. Ltd. and their workmen represented by the 3 Unions mentioned above was referred to this Tribunal under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 4726-I.R./IR/4L-62/66, dated the 8th December 1966, for adjudication. The issues for adjudication as given in the schedule to the order of reference are as follows :

Issues

(1) Having regard to the tripartite agreement, dated 4th April 1964, whether the claim for radical revision in wage structure is justified ? If so, what should be the grades and scales of pay and dearness allowance.

(2) Whether the claim for increased bonus is justified ?

(3) Construction of residential quarters for workmen.

Notices were duly served on the parties. The Company appeared on 4th January 1967, but none on behalf of the Unions appeared on that date. Time was allowed till 1st February 1967, and again till 1st March 1967, but none appeared and no steps were taken. However, time for filing written statements and necessary steps was suo moto extended till 20th March 1967. On that date also none appeared to take steps. Yet, as a last chance, another date was fixed on 31st March 1967 by stating in the order that a 'no dispute' award would be passed in the case, in case no steps would be taken by the parties by that date. Still the parties remained absent and no steps were taken by them.

In the circumstances, it appears that there is no longer in existence any industrial dispute between the parties over the present reference, and that is why they are not taking any steps in this regard.

I, therefore, pass a 'no dispute' award in the present reference and dispose of the case accordingly.

Present for the Union : Shri P. K. Ghosh, President of the Federation of Mercantile Employees' Association.

This industrial dispute between Messrs. General Industrial Society Ltd. and their workmen represented by Bengal Chatkal Mazdoor Union relating to the undermentioned issue was referred to this Tribuna under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 4138-I.R./IR/7L-12(A)/66, dated the 17th October 1966, for adjudication.

Issue

Is the dismissal of Shri Nanigopal Chowdhury justified ? To what relief, if any, is he entitled ?

In response to notices issued by this Tribunal, both parties appeared, and the Union filed its written statement on 24th November 1966. The Company, after taking several adjournments, filed written statement on

10th February 1967. The case was fixed for hearing on 1st April 1967. On that date the parties filed a joint petition of compromise and prayed for an award in terms of the settlement arrived at between them, as incorporated in the said petition of compromise. It is provided in the agreement that the Company shall pay to Shri Nanigopal Chowdhury a sum of Rs. 3,600(Rupees three thousand and six hundred only) in full and final settlement of all his claims against the Company within two weeks, and that the Provident Fund contributions of both the parties shall be paid as soon as possible according to the rules of the Provident Fund. Shri Chowdhury will have no further claim against the Company. The terms of settlement appear to be reasonable, fair and lawful, and I accept the same. Accordingly this Tribunal passes this compromise award in terms of the settlement. The petition of compromise be annexed to the award and made a part thereof.

ANNEXURE

In the matter of an industrial dispute between Messrs. Blackwood Hodge India (P) Ltd., 139 Beliaghata Road, Calcutta-15 and their workmen represented by (1) Blackwood Hodge Workers' Union, 7/1 Sibtala Lane, Calcutta-15 and (2) Blackwood Hodge Employees' Union, 16/2 Sibtala Lane, Calcutta-15. BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present:

Shri R. BHATTACHARYA, M.A., LL.B., Judge, Fourth Industrial Tribunal.

The present reference arises out of some disputes between Messrs. Blackwood Hodge India (P) Ltd., 139 Beliaghata Road, Calcutta-15, and their workmen represented by (i) Blackwood Hodge Workers' Union (described hereafter as Workers Union) and (ii) Blackwood Hodge Employees' Union (described hereafter as Employees Union). The issues for decision as mentioned in the order of reference are as follows:

Issues:

1. Grade and Scale of Pay.
2. Cycle Allowance for Cycle Peons.
3. Free Lunch or Tiffin Allowance in lieu thereof.
4. Compensatory Allowance.
5. Profit Bonus for 1959-60, 1960-61 and 1961-62.

This reference was originally sent to the First Industrial Tribunal, West Bengal, but subsequently, however, it has been transferred to this Tribunal for decision.

The parties filed their respective written statements. Some preliminary points were raised from the side of the company which I disposed of by my order, dated 17th August 1966. At the time of hearing of those points the representatives of the unions submitted that they would not press the Issues Nos. 1, 2, 3, and 4. They had, however, demand on Issue No. 5 relating to bonus. The jurisdictional points raised by the company were over-ruled by this Tribunal and the proceedings were to continue in respect of Issue No. 5. Today was fixed for hearing of the case. In the meantime, however, a joint petition of compromise was filed on 23rd March 1967, signed by the company and the representatives of the two unions on behalf of the workmen. On consideration of the facts and circumstances I find that the amicable settlement between the parties is reasonable, voluntary and legal. As prayed for by the parties, I pass an award in terms of the joint petition of compromise which shall from part hereof as Annexure 'A'.

In this connection I should mention that today I received a petition from one P.G. Barat, an ex-employee of the company challenging the compromise. He claims some personal benefits stating that the said compromise between the company and the workmen was not proper. Shri Barat has not appeared before me. I find no reason to find any mala fides or unreasonableness in the compromise effected between the parties. The individual claim of Shri Barat appears to be speculative. The compromise in the present case is for the best interest of the workmen as a whole. The petition of Shri Barat is therefore rejected.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act by Shri Sunil Kumar Chatterjee of 4/1A Comesh Lane, Calcutta-14, against his employers Messrs. Blackwood Hodge India (P) Ltd., 139 Beliaghata Road, Calcutta. (C.O. No. 2414-IR, dated 16th June 1966). (11/65)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Judge, Fourth Industrial Tribunal.

For the Company: Shri J. K. Ghose, Advocate.

The instant proceedings arise out of an application filed by Sunil Kumar Chatterjee under section 33A of the Industrial Disputes Act against Blackwood Hodge India (P) Ltd., (hereinafter referred to as the company), 139 Beliaghata Road, Calcutta, on the following allegations:

The petitioner Sunil Kumar Chatterjee was appointed a clerk in 1951 by the company at its Calcutta establishment. He was a founder-Secretary of the Employees' Welfare Union. In 1957 he was purported to be promoted to the post of Parts Manager at Calcutta on probation and was duly confirmed in 1959 as such. He was, however, subordinate to the Works Manager. Despite the new designation the terms and conditions of his employment remained as those of the clerical staff. The pretended promotion did not invest him with any independent power, authority or status of the members of the Executive Staff. He was doing the clerical works and was subjected to the control and direction of his superior officer. He had no supervisory responsibility or executive independence, power and authority. The petitioner was, in fact, never given the power of the members of the Executive Staff except the designation. While posted at Calcutta he had never been called upon to perform any supervisory work. The designation given to him was more apparent than real. In or about 1962 the said company transferred him to Purnapani in Orissa, temporarily giving him the designation "Manager, Purnapani Parts Depot". Subsequently however, he was permanently posted there. Here the petitioner had to do clerical jobs. He was himself the clerk, the peon, and the Depot Guard also. He insisted upon his proper assignment of duties and responsibilities but the management got enraged. In or about November 1963, the petitioner was transferred to Delhi Sales Control Office, New Delhi. He was directed to be responsible to the Branch Manager there or any other authority as would be desired by the management. Again the petitioner was transferred to Delhi Branch Office at Hamilton House, Connaught Circus. There the work allotted to him was in the nature of despatcher though he was given the designation of Parts Merchandiser. Practically speaking, Sunil Kumar Chatterjee had been doing the routine clerical duties allotted to him by the Assistant Branch Manager. By a letter, dated 28th November 1964, the petitioner's services were terminated by U. Nagarajan. This termination of services, according to the petitioner, was wrongful, arbitrary and unjustified. This termination of services effected on the ground of surplusage was against the principle "last come, first go". The petitioner wants to say that this termination of service is malacious and mala fide. As at the time of termination of service an industrial dispute between the company and its workmen was pending before the Industrial Tribunal, the petitioner filed the present application under section 33A of the Industrial Disputes Act as he thought himself concerned in that dispute. The substantial prayer of the petitioner is for an order to direct the company to reinstate him and to pay all wages during the period of forced unemployment.

The company has filed a written statement in reply to the allegations made by the petitioner. The company has alleged that the present complaint is not maintainable under section 33A of the Industrial Disputes Act in the absence of any contravention of provisions of law. that Sunil Kumar Chatterjee was not a workman within the meaning of the Industrial Disputes Act, that he was also not a workman concerned with or involved in the industrial dispute mentioned by him, and that the Tribunal has no jurisdiction to entertain the instant application. According to the Company Sunil Kumar Chatterjee was at the time of termination of his service working in the Company's Delhi Branch in the capacity of Parts Merchandiser of Junior Executive cadre on the monthly salary of Rs. 950. The company terminated his service according to the terms of employment by offering the petitioner all the legal dues. The company has stated that this is a case of discharge simpliciter effected by the company on bona fide, good and sufficient reason.

Originally the present case was started before the First Industrial Tribunal where the industrial dispute between the company and its workmen was pending for adjudication. Subsequently, however, by virtue of the order of the State Government it has been transferred to this Tribunal for disposal. When the matter came up for hearing, the company wanted a decision on some preliminary and jurisdictional points. Both the parties agreed on these points and the matter was heard.

The following points came up for decision at the time of hearing on the question of jurisdiction and the maintainability of the present application:

(i) Whether Sunil Kumar Chatterjee, the petitioner, was a workmen according to the definition given in the Industrial Disputes Act;

(ii) Whether the petitioner was connected with or concerned in the industrial dispute referred to the First Industrial Tribunal by the State Government Order No. 502-I.R./IR/11L-178/63, dated 8th February 1964; and

(iii) Whether the Industrial Tribunal of West Bengal can entertain the present application filed by the petitioner whose services have been terminated by the company's Delhi unit.

Besides examining himself the petitioner has examined two other witnesses on his side. The company has not, however, adduced any oral evidence. Several documents have been marked exhibits on both the sides as the parties waived formal proof thereof.

First of all, I shall discuss the first point raised. The contention on behalf of the petitioner is that although he has been given promotion to the office of an officer, he has not been allowed to function as such and that he has been, in fact,

doing the clerical duties. It has been argued that for all practical purposes he is a clerk. Sunil Kumar Chatterjee is P.W. 2. His evidence is that he got promotion and was appointed Store Manager in 1957. He says that his promotion was in the grade of Special '3' starting from Rs. 350 to Rs. 750. He has stated that as Stores Manager he had to do the clerical job which he had to do as a clerk. At Calcutta Office he used to take work from the Assistant Parts Manager. He had no supervisory duty and no administrative responsibility. When he was at Purnapani as Stores Manager, the Assistant Parts Manager of Calcutta used to distribute work. His only duty as Parts Merchandiser at Delhi was to file letters received by the company in connection with the Parts. He has further stated that he had no authority to write any letter in connection with parts-merchandiser. During cross-examination the petitioner has stated the he did not write any letter to the company complaining that he had to do clerical works or that he had not been given the duties of the executives. He says that he made oral representations. At first he said that some clerks were authorised to make correspondence but subsequently he has admitted that clerks were not authorised to make such correspondence. In the same breath he has stated that at first he used to make correspondence as Stores Manager with outside concerns though ultimately he was asked by the company not to make such correspondence. According to his evidence the petitioner received a letter from the company with a direction not to carry on with correspondence with outside concerns but no such letter has been filed. This witness was confronted with some written authority given by the company and he admits that in writing the company gave him complete administrative charge of the company's agency stores when he was the Stores Manager and that in writing also the company appointed two Assistant Stores Supervisors under him. He has not also disputed that at Purnapani he was put in charge of the Parts Depot. For about a year and five months he underwent probationary period before confirmation. When the witness had referred to certain letters showing that workmen of special grade embrace only the clerks, the petitioner undertook to file those letters but he failed to do so.

P.W. 1 is Rajani Kanta Nandan. He was also an employee of the company at its Calcutta office. He has stated that Sunil Kumar Chatterjee was the Stores Manager at Purnapani. He has not personal knowledge, as he says, as to the works done by Shri Chatterjee in Orissa or Delhi. The other witness of the petitioner is P.W. 3. Nirendra Nath Dutta. His evidence is that he belonged to the Special Grade I of the company which is the top grade of the clerical staff. He has stated that Sunil Kumar Chatterjee belonged to his grade. According to this witness Special Grade I meant for clerks alone but he has nothing to prove his statement. He has further stated that there was an agreement between the company and its workmen regarding its grade and that in the said agreement there was mention of Special Grade I for clerks. That agreement has, however, not been filed by the petitioner or this witness. This witness has not personal knowledge as to the duties of Sunil Kumar Chatterjee who, according to him, belonged to Special Grade I at the time of dismissal.

I shall now refer to some and significant documents exhibited in this case. Ext. 3 is the appointment letter issued by the company to Sunil Kumar Chatterjee. This is dated 31st August 1957. This letter is admitted. The first two paragraphs run as follows:

> "This is to confirm our discussions at which time we proposed your appointment as Stores Manager with effect from 2nd September 1957, having complete administrative charge of the Company's Agency Stores, directly responsible to Mr. M. C. Jemmett, Works Office Manager, the appointed Works Manager, and the Board of Directors.
>
> This appointment is subject to a probationary period of twelve calendar months, expiring on the 31st August 1958. During this period your employment will be categorised in Special Grade 3, and your remuneration will be Rs. 600 (Rupees six hundred only) per month, subject to all deductions applicable to our employees."

It will be clear that along with the promotion of the petitioner to the post of Stores Manager he was vested with complete administrative charge of the company's agency stores with responsibility to Works Office Manager, Works Manager and the Board of Directors. The 3rd paragraph of the letter runs as follows:

> "We have carefully adjudged your qualifications for this position, and whilst we have every confidence that you can fulfil the duties demanded of you, we would stress that it is required of you to bring about a considerable improvement in the administration and efficiency of our Agency Stores, and subject to the approval of the Board of Directors of your conduct and management ability throughout the probationary period, we propose to transfer you to Special Grade I, commencing at a salary of Rs. 750 (Rupees seven hundred and fifty only) per month."

This also indicates that Sunil Kumar Chatterjee was vested with administrative powers. The company expected efficiency of the petitioner for the improvement of the administration. A desire of the company also expressed that he would be transferred to Special Grade I commencing at a salary of Rs. 750 per month.

Ext. 6 is the copy of a notice issued by the company. It is dated 31st August 1957. This announces that S. K. Chatterjee will assume the position of Stores Manager having complete administrative charge of the company's Agency Stores and that two Stores Supervisors would be his direct assistants. This notice has not also been disputed by the petitioner. It does not in any manner indicate that Sunil Kumar Chatterjee was to do clerical duties belonging to a clerical staff. Next we get Ext. 8, a copy of a letter written by the company to S. K. Chatterjee confirming his appointment as Stores Manager having complete administrative charge of the company's agency and stores and that he would be responsible to one Mr. R. H. Demeder and the Parts Manager. He was also transferred to Special Grade I with a commencing salary of Rs. 750 per month.

Ext. 13 is the copy of a memorandum issued by the company showing that S. K. Chatterjee was permanently transferred to Purnapani Limestone Quarry as In Charge of the Parts Depot there, Ext. 14 shows that the company after the transfer of the petitioner to Purnapani was making arrangement for the cost of furniture to be used in his residential quarter. In this letter the company authorised the petitioner to sign all letters as Manager, Purnapani Parts Depot. This shows that Sunil Kumar Chatterjee was vested with managerial and/or administrative powers. He was not a clerk. Ext. 15 is a letter of the company written to the Security Officer of Hindusthan Steel Ltd., Rourkela, stating that Sunil Kumar Chatterjee was the Manager of the Company at Purnapani Parts Depot. Ext. 16, a copy of the letter, shows that Sunil Kumar Chatterjee after his transfer from Purnapani to New Delhi Office was to report to the Branch Manager there or any other authority as directed by the management who was to make known to him his specific duties after such report. Sunil Kumar Chatterjee was, however, allowed a resettlement allowance for a period. Ext. 17 is the letter transfering the petitioner to New Delhi Branch Office at Hamilton House as a Parts Merchandiser. While at New Delhi, Sunil Kumar Chatterjee wrote a letter to the company on 15th January 1964. The copy of the letter has been filed by the petitioner. That has been marked Ext. 18. In this letter he has stated without any ambiguity that he was transferred to Purnapani Parts Depot as its Manager from the Company's Agency Stores at Calcutta. He admits that he was the Manager of the company at Purnapani. He has further stated in this letter ".....Recently I have been transferred to New Delhi from Purnapani to manage all our problems relating to spare parts..... It is my experience in Delhi that the minimum rent of a flat is Rs. 450 per month where men of position may be entertained. So I shall be obliged if you sympathetically consider my case, and grant me the amount for a flat mentioned above which is essential and conducive to my present responsibilities." Does this commitment of Sunil Kumar Chatterjee prove that he belonged to a clerical staff and that he had been doing the duties of a mere clerk? The position taken up by Sunil Kumar Chatterjee says beyond doubt that he was placed in a responsible office of the company with administrative and managerical authority for dealing with the different problems relating to the spare parts. It has been further stated in Ext. 18 as follows:

> "Now I have been transferred to Delhi to manage our problems including merchandising relating to our Spare Parts, which is the responsibility of a Parts Manager".

The petitioner himself declares that he has to manager the problems of the company having managerial responsibility. Nowhere does he complai nthat after his promotion he has been doing the duties of a clerk and that he has not been given administrative function. This letter goes against the oral testimony of the petitioner before me that as Parts Merchandiser his only duty was to file the letters received by the company in connection with the parts. Ext. 20 is the copy of the circular issued by the company. This has been filed by the petitioner. This is dated 8th April 1964. This circular was issued when Sunil Kumar Chatterjee was the Parts Merchandiser at New Delhi. This circular informs the Delhi staff that all correspondence outgoing from New Delhi Branch will be signed by S. K. Chatterjee and some others named there unless and until authorised otherwise. At that time the petitioner was the Parts Merchandiser at New Delhi. The statement of the petitioner made before me that he had no authority to write any letter in connection with parts-merchandiser does not appear to be correct and reliable. We also get Ext. 21, which is the copy of memorandum issued by K. D. Malhotra to S. K. Chatterjee, dated 8th April 1964. This document shows that the petitioner had to go on tour from time to time to different places in connection with the company's business. This tour programme again is not any way connected with the clerical job of the company. It shows also that the petitioner's duty was administrative in nature. Ext. 1, the rules of the company and Ext. 24, the Provident Fund Rules, do not help us in any way to determine the status of the petitioner at the time of termination of his service. Ext. 23 is the memorandum issued by the company to one Mr. Chater showing the salary for non-technical people and the grades. This is dated 26th August 1952. Admittedly, the petitioner was removed from service when he was enjoying Special Grade I. According to Ext. 23 employees of Special Grade I are Senior Assistants Accountant. According to the petitioner himself he was not the Senior Assistant Accountant. He has stated, as I have already indicated, that his only duty was to file the letters received by the company in connection with the parts. Moreover, the person to whom Ext. 23 was handed over has not come forward to explain the document. Whether an employee is a clerk or an administrative officer with supervisory or managerial function is to be decided according to the facts and circumstances of the case on the basis of the duties allotted to him and the nature of works performed by him. 'Workman' has been defined in Sec. 2(s) of the Industrial Disputes

Act. There is no dispute that at the time when Sunil Kumar Chatterjee was removed from service, he was getting more than Rs. 500 per month as his wages. I have considered the oral evidence adduced on the side of the petitioner and also the documents exhibited on his side. The company has also filed some documents which require to be considered.

Ext. A is a letter written by Sunil Kumar Chatterjee as Stores Manager to the Works Controller. It is dated 6th June 1961. This letter will clearly indicate his administrative function. He has asserted herein that his department is functioning more efficiently than any of the units in the organisation, and that he is not supposed to check all items and boxes of consignments but he is to do surprise checking. He has given his view in the matter of administration. Ext. B is the copy of a letter given by the company to the Manager, Hindusthan Steel Ltd. This is dated 20th March 1962. Herein the company informed the Manager of the Hindusthan Steel Ltd. that Sunil Kumar Chatterjee had been deputed to take over and organise the Spare Parts Depot at Purnapani. Ext. C is a representation made by a member of the staff under Sunil Kumar Chatterjee, Stores Manager. S. Ward appealed for a special increment of his wage. The representation was made through Sunil Kumar Chatterjee who made recommendation for such increment. There is a similar representation as would be evident by Ext. C/1. A supervisor made certain representation for his status and increment and Sunil Kumar Chatterjee made necessary recommendation. This two letters will clearly show that Shri Chatterjee had been exercising managerial function and that he had supervisors and other staff under him. It would be preposterous to hold in the facts and circumstances of this case that Sunil Kumar Chatterjee was a clerk or that he had been doing the works of a clerk. Although Shri Chatterjee was acting under the supervision of the Branch Manager, the nature of his duties and the degree of responsibility that attached to his work did not belong to a member of the clerical staff. He had powers to direct, control and supervise the works of the staff under him. It does not matter if he exercised those function subject to the approval of the Manager or Branch Manager of officers higher in rank. After the promotion to the post of Stores Manager Sunil Kumar Chatterjee ceased to be a workman. I have not the least doubt to hold that at the time of termination of his service Sunil Kumar Chatterjee was acting with power of control, direction, supervision and management duly employed in managerial and administrative capacity. He had no duty to perform the works of the clerical staff. He was not a workman within the meaning of section 2(s) of the Industrial Disputes Act. The point No. 1 raised from the side of the company as mentioned above is decided against the petitioner.

I shall now consider the two other points jointly as they are inter-related. The petitioner Sunil Kumar Chatterjee had filed the present application in the form of a complaint under section 33A of the Industrial Disputes Act on the allegation that his services were terminated by the company while an industrial dispute between the company and its workmen at Calcutta Office was pending before the Industrial Tribunal. The industrial dispute referred to by the petitioner was sent to the First Industrial Tribunal, West Bengal, by the Government of West Bengal by its Order No. 502 I.R./IR/10L-178/63, dated 8th February 1964. The copy of the order of reference has been marked Ext. 25. There is no dispute before me that the said industrial dispute was between the company's unit at 139 Beliaghata Road, Calcutta, and its workmen. Admittedly, workmen of other branches or units of the company are not parties to this dispute. The learned lawyer for the petitioner has argued that Sunil Kumar Chatterjee belonged to the company's unit at 139 Beliaghata Road, Calcutta and therefore, he is interested and concerned in that dispute. The company's contention is that when the employment of Sunil Kumar Chatterjee was terminated, he did not belong to the Calcutta Office in any manner. According to the company, at that time Shri Chatterjee belonged to the branch office at New Delhi. The argument of the company is that Shri Chatterjee having not been connected with or concerned in the industrial dispute before the Industrial Tribunal, West Bengal, the present application under section 33A of the Industrial Disputes Act filed before the said Tribunal is incompetent and illegal. P.W. 1 has stated that Sunil Kumar Chatterjee was transferred from Calcutta to Purnapani in Orissa and from there again to Delhi. He has further stated that after his departure from Calcutta in 1961 Sunil Kumar Chatterjee never worked in Calcutta. During cross-examination the petitioner himself has stated that he was permanently posted at Purnapani and for such permanent posting, he get some resettlement allowance. He has further stated that the reference before the Industrial Tribunal was connected with the clerical staff of the company at 139 Beliaghata Road, Calcutta. Ext. 13 will show that with effect from May, 1962, the petitioner was permanently transferred to Purnapani. The admitted fact further is that from Purnapani he was ultimately transferred to New Delhi Branch of the Company. The evidence further shows, and there is no dispute, that at New Delhi he had to do his duty in connection with the Company's office there. Neither was he attached to the Calcutta office for doing any work connected with the same. The learned lawyer for the petitioner has realised the difficulty and his contention is that as Sunil Kumar Chatterjee was drawing his pay from Calcutta Office after his transfer to Purnapani, the inference should be that he belonged to the staff of the Calcutta office. I am sorry, I cannot accept this argument. The petitioner has stated in evidence that he made special arrangement with the company to get his salary drawn from Calcutta office because employees of the company working elsewhere could not draw their salaries from Calcutta. The reason for such special arrangement has been given. He has said that he made such arrangement because he had left his family at Calcutta. It is evident that this special arrange-

ment was allowed by the company as a matter of grace or convenience as a special case. This arrangement does not therefore prove that Sunil Kumar Chatterjee belonged to the Calcutta office. My finding is that Shri Chatterjee did not belong to the Calcutta office of the company and that he was not connected with or concerned in the industrial dispute between the company's office at Calcutta and its workmen, pending before the Industrial Tribunal, West Bengal.

The next question therefore arises whether the Industrial Tribunal of West Bengal can entertain the present application filed by the petitioner under section 33A of the Industrial Disputes Act. My definite finding is that the petitioner did not belong to the Calcutta office at Calcutta, but to its Branch Office in New Delhi when his services were dispensed with. Even if the petitioner was a workman at the time of termination of his service, he could not file any application under section 33A of the Industrial Disputes Act before the Industrial Tribunal of West Bengal where the industrial dispute between the company's office at Calcutta and its workmen was pending. The said Tribunal would have no jurisdiction to entertain such application. I therefore decide the points No. II and III framed above against the petitioner again.

In view of my findings above, this application of Sunil Kumar Chatterjee under section 33A of the Industrial Disputes Act is not maintainable in law and this Tribunal has no jurisdiction to entertain it. The petitioner can get no relief.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Anpore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDERS

No. 1471-I.R./IR/8L-19(a)/64(Pt.).—13th April 1967.—Whereas under the Government of West Bengal, Labour Department, order No. 3805/I.R./IR/8L-19(A) 64, dated the 27th August 1964, the industrial dispute between Messrs. Calcutta Surgical Cotton Company, 7 Umakanta Sen Lane, Paikpara, Calcutta-30, and their workmen represented by Calcutta Surgical Cotton Company Workers' Union, 22/1 Kali Charan Ghosh Road Calcutta-50, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute ;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Calcutta Surgical Cotton Company, 7 Umakanta Sen Lane, Paikpara, Calcutta-30 and their workmen represented by Calcutta Surgical Cotton Company Workers' Union, 22/1 Kali Charan Ghosh Road, Calcutta-50. (Case No. VIII-238/64.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S. K. DATTA GUPTA, Judge,
Third Industrial Tribunal.

AWARD

By order No. 3805-I.R./IR/8L-19(A)/64, dated the 27th August 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Calcutta Surgical Cotton Company, 7 Umakanta Sen Lane, Paikpara, Calcutta-30, and their workmen represented by Calcutta Surgical Cotton Company Workers' Union, 22/1 Kali Charan Ghose Road, Calcutta-50, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Wages.
(2) Permanency.

On receipt of the order of reference, usual notices were served on Messrs. Calcutta Surgical Cotton Company, 7 Umakanta Sen Lane, Paikpara, Calcutta-30, and

Calcutta Surgical Cotton Company Workers' Union mentioned as the workers' representative in the order of reference and they appeared and filed their written statements. Subsequently on 9th July 1965 one Shri Brojendra Kishore Sarkar, as Secretary of the Calcutta Surgical Cotton Company Sramik Union filed an affidavit stating that his Union represents the majority workers of the factory and praying for making his union a party to the proceeding.

The petition was opposed by the Calcutta Surgical Cotton Company Workers' Union, but it was ultimately allowed by this Tribunal's order No. 15, dated 2nd September 1965. By the said order the Calcutta Surgical Cotton Company Sramik Union was also directed to file its written statement by 14th September 1965 and the order was duly complied with by the Sramik Union. Subsequent to order No. 15 aforesaid, the Calcutta Surgical Cotton Company Workers' Union filed an application under section 226 of the Constitution in the Constitutional Writ Jurisdiction, High Court, Calcutta, for an order quashing this Tribunal's order making Calcutta Surgical Cotton Company Sramik Union a party to the proceeding and on the said application under section 226, numbered and registered as Civil Rule No. 933W/65, a Rule calling upon the opposite parties to show cause why a writ in the nature of Mandamus should not be issued directing the opposite parties to recall, rescind, withdraw and not to give effect to or take any steps in connection with this impugned order, dated 2nd September 1965, was issued. The said Rule however was ultimately discharged for non-prosecution on 3rd February 1967. In the meantime, to be more precise on 24th November 1966 Messrs. Calcutta Surgical Cotton Company and their workmen represented by Calcutta Surgical Cotton Company Workers' Union, filed a joint petition stating that the industrial dispute under reference has been amicably settled by agreement, dated 24th November 1966, and praying for an award in terms of the agreement. The said agreement between the parties was made Annexure "A" to the joint petition. The joint petition was signed by Shri Brijmohanlal Rathi, a Partner of the Company and Shri Matish Roy, General Secretary, Calcutta Surgical Cotton Company Workers' Union, and they were both heard on the petition. The terms of settlement as embodied in the agreement annexed to the joint petition appear to me quite fair and reasonable and I am satisfied that the industrial dispute reference has been amicably settled of terms mentioned in the petition.

The Calcutta Surgical Cotton Company Sramik Union was, however, not a party to the agreement referred to above, but as this Union was pressing for an award incorporating the terms of the agreement, dated 2nd September 1964, between it and the company and under the agreement annexed to the joint petition the workers will get wages higher than those specified in the agreement, dated 2nd September 1964, between the Sramik Union and the Company, the Sramik Union's non-joinder to the joint petition of compromise can be no reason for not recording the terms of compromise. The terms of compromise are more beneficial to the workers than the terms mentioned in the agreement between the Sramik Union and the Company. When, therefore, by the compromise between the company and the workers' union, all the workers will get the benefit of the agreement annexed to the joint petition, the terms should be recorded and the case disposed of on compromise as prayed for by the parties to the joing petition. Accordingly a "compromise award" is passed. The joint petition together with the agreement annexed to it, do form part of the award as Annexure "A".

This is my award.

Under section 10 of the Industrial Disputes Act, this industrial dispute between Messrs. Issue

Whether termination of employment of Shri Ram Sevak Singh is justified? What relief, if any, is he entitled to?

In response to the notices issued on them, the parties appeard. The Union filed its written statement on 29th December 1966. The Company took several adjournments but did not file any written statement. (Case No. VIII-340 of 1965.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K. BHATTACHARYYA, Judge, Second Industrial Tribunal.

AWARD

The Government of West Bengal, in their Labour Department by its order No. 6887-I.R./IR/11L-23(D)/65, dated Calcutta, the 27th December 1965, subsequent Corrigenda No. 22-I.R./IR/11L-23(D)/65, dated Calcutta, the 4th January 1966, and No. 3330-I.R.-IR/11/L23(D)/65, dated 20th August 1966, referred an industrial dispute between Messrs. Martin Burn Ltd.,

and the associated companies of which Messrs. Martin Burn Ltd. are the Managing Agents, Secretaries or Treasurers on the one hand and their workmen in the head offices at 12 Mission Row, Calcutta-1, represented by Martin Burn Indian Employees' Union. on the other, to this Tribunal for adjudication on the following issues :—

Issues

1. Whether the head office employees of the following associated companies of which Martin Burn Ltd., are the Managing Agents, Secretaries or Treasurers, are employees of Martin Burn Ltd. :—

(a) Indian Iron and Steel Co., Ltd.,

(b) Hooghly Docking and Engineering Co., Ltd.,

(c) Agra Electric Supply Co., Ltd.,
(d) U. P. Electric Supply Co., Ltd.,
(e) Saugar Electric Supply Co., Ltd.,
(f) Robert Hudson Co. Ltd.,
(g) Vaughan Burn Crane Co., Ltd.,
(h) Burn & Co., Ltd.,
(i) Rayrole Burn Ltd.,
(j) Indian Standard Wagon Co., Ltd., 12 Mission Row, Calcutta-1.

2. What should be the basis for payment of bonus under the Payment of Bonus Act, 1965, to the the Head Office employees of Martin Burn Ltd., and those of the associated companies mentioned in the preceeding issue ?

This matter has been taken up on a preliminary point at the instance of Messrs. Martin Burn Ltd., and its 10 associated companies mentioned in the order of reference and has been heard with consent of both the parties. The points taken were that the dispute mentioned in issue No. 1 is not a matter specified in in the Second and Third Schedule to the Industrial Disputes Act, 1947, and as such the order of reference is invalid and without jurisdiction and secondly their is no scope for raising an industrial dispute with a view to determine the basis of payment of bonus for the year 1963-64 under the Payment of Bonus Act in the instant case.

Facts leading to the present dispute may briefly be stated. On 27th December 1965, Government of West Bengal, in the Labour Department by order No. 6887-I.R./IR/11L-23(D)/65, referred an industrial dispute to this Tribunal for adjudication on the issues mentioned above. On 4th of January 1966, Government of West Bengal, in the Labour Department by Corrigendum No. 22-I.R./IR/11L-23(D)/65, corrected some portion of the order of reference which however is not very material for our purpose. By another order, dated 20th August 1966, Government of West Bengal, in the Labour Department No. 3330-I.R./IR/11L-23(D)/65, included another establishment in the original order of reference as the establishment being of a similar nature was likely to be interested or affected by the said dispute. It follows therefore that as a result of this further order of reference Issue No. 1 stands amended and instead of nine associated companies mentioned in the original order of reference, there are now 10 associated companies including Indian Standard Wagon Co., Ltd., of 12 Mission Row, Calcutta-1.

After receipt of the reference notices were issued on the parties who filed written statement. One written statement was filed on behalf of Martin Burn Indian Employees' Union and 11 written statements were filed by Messrs. Martin Burn Ltd., and its 10 associated companies. Those eleven written statements are more or less identical. The companies in paragraph 1 of their written statements, inter alia, pleaded that the reference in so far as Issue No. 1 was concerned was ultra vires and without jurisdiction inasmuch as it did not relate to a matter specified in the Second and Third Schedule to the Industrial Disputes Act.

Appearances of the parties are as follows :—

For the Companies : Shri S. K. Mallick (Jr.), Lawyer for the Companies.

For the Union : Shri D. L. Sengupta, Advocate.

Now this issue, it is to be pointed out is clearly dependent on the outcome of Issue No. 2 which, inter alia, requires the Tribunal to find out the basis of payment of Bonus under the Payment of Bonus Act, 1965, to the Head Office Employees of Messrs. Martin Burn Ltd., and those of the associated companies mentioned in the earlier issue. The year or term for which the bonus is to be determined has not been mentioned in the order of reference but as the order of reference is dated 27th December 1965 it must relate to a financial year ending on a date prior to 27th December 1965. It is an admitted fact that the financial year of Martin Burn Ltd. commenced on 1st of October and ended on 30th September of the following year. The financial year of Indian Iron and Steel Co., Ltd. Agra Electric Supply Co., Ltd., U. P. Electric Supply Co., Ltd., Saugar Electric Supply Co., Ltd., Rayrole Burn Ltd., and Indian Standard Wagon Co., Ltd., commenced in April and ended in March of the following year; that of Hooghly Docking and Engineering Co., Ltd., Robert Hudson Co., Ltd., commenced in January and ended in December of that year and that of Vaughan Burn Crane Co., Ltd., commenced in July in one year and ended in June of the following year and of Burn & Co., Ltd., commenced in May and ended in April of the following year.

The Union in paragraph 18 of its written statement asserted that the employees alleged to be of different companies in their head offices at the Martin Burn House legally, factually and substantially are the employees of Messrs Martin Burn Ltd., and should be paid bonus at the rate of 20 per cent. of the annual gross earnings for the financial year 1963-64 out of the profit of Messrs. Martin Burn Ltd. and in the event of the Tribunal answering issue No. 1 against the work men the employees be paid the same rate of bonus as is paid to the employees of Messrs. Martin Burn Ltd., consistent with the provisions of the Industrial Disputes Act and also on calculation under section 34(2) of the Payment of Bonus Act.

Now, if the claim of bonus relates to the financial year 1963-64, then it must have commenced on 1st of October 1963 and ended on 30th September 1964. If the employees at the head offices of the 10 associated companies are not accepted as employees of Martin Burn Ltd., then bonus payable to these employees must relate to the financial year of each company commencing on a day earlier than 1st of October 1963 which is the date of commencement of the financial year of Martin Burn Ltd.

It is conceded on behalf of the Union that if the employees are to be regarded as employees of Martin Burn Ltd., then in view of the Supreme Court decision in Jalan Trading Co. (P) Ltd., case reported in 1966 (II) L.L.J., page 546, it was conceded that the payment of bonus could not be made. In the said case Supreme Court struck down the provision of section 33 of the Payment of Bonus Act as patently discriminatory. The Act was made applicable to factories and other establishments in respect of the accounting year commencing on any day in the year 1964 and every subsequent accounting year. The accounting year in relation to bonus was defined in section 2(i)(ii) of the Act as the period in respect of which any profit and loss account of the company laid before it in annual general meeitng is made up, whether that period is a year or not. By section 33, the Act was made applicable to pending industrial disputes (regarding payment of bonus relating to any accounting year not being the accounting year earlier than the accounting year in any day in the year 1962, immediately before May 29, 1965) before the appropriate Government or any Tribunal or other authority under the Industrial Disputes Act, 1947.

As it has not been clearly shown that a dispute was pending immediately before the date on which the Payment of Bonus Act became operative, section 33 would not be attracted in this case, but even assuming that the dispute relating to the instant case was then awaiting conciliation before the Conciliation Officer or awaiting decision of the Government in the matter of reference, section 33 of the Act having been struck down, bonus in the instant case cannot be determined under the provisions of the Payment of Bonus Act, 1965. The Supreme Court further held that provision of section 34(2) was arbitrary and unreasonable and hence void. There is little doubt that the accounting year in respect of each company as claimed is an accounting year not earlier than the accounting year ending on any day in the year 1962 and not later than the accounting year commencing on any day in the year 1964. That being the position, section 33 of the Payment of Bonus Act would also be attracted if there was a pending dispute. Had section 33 not being struck down and a dispute was pending either before the Government or any other authorities under the Industrial Disputes Act or in other corresponding law, there would have been no difficulty. In such a case the Tribunal could very well adjudicate the issue. As the relevant provisions of the Payment of Bonus Act under which the present dispute can be said to the governed has been struck down, there is no other question left for consideration by the Tribunal. It is well settled that the Tribunal cannot go behind the terms of reference and it is not open to the Tribunal to consider any other alternative in the matter of payment of bonus to the workmen of Messrs. Martin Burn Ltd., and its associated companies. Section 10(4) of the Industrial Disputes Act lays down that the Tribunal is required to confine its adjudication to those points and matters incidental thereto, which have been specified by the approriate Government. The Supreme Court in the above cited case indicated the procedure to be followed in the proceeding which were pending before the Payment of Bonus Act came into force, including those which were covered by section 33 of the footing that the provisions of sections33 and 34(2) of the Act did not affect the validity of the remaining provisions of the Act and they could be completely separated. Having regard to the financial year of all the companies, it is clear that the claim for bonus relates to a financial year that is covered by the provisions of section 33 of the Payment of Bonus Act and as such the Tribunal is not in a position to adjudicate Issue No. 2 on the basis of the existing reference. Tribunal accordingly decides that there is no basis of payment of bonus under the Payment of Bonus Act in the instant reference and Issue No. 2 must be answered accordingly.

As reards Issue No. 1 it is to be pointed out that this is not a matter specified either in Second or Third Schedule of the Act. It is true that the Third Schedule after providing for 10 items such as wages, compensatory allowance, etc., provided for another item in the following words :—

"any other matter that may be prescribed".

But no such matter appears to have been prescribed and there is nothing on record to show that any notification to that effect was ever issued. Consequently it cannot be held that the dispute relates to Issue No. 1 is a matter specified either within the Second or Third Schedule to the Act. Even assuming that an enquiry as to whether the head offices of all the associated companies were employees of Messrs. Martin Burn Ltd. is an industrial dispute, no useful purpose would be served by adjudicating the issue as the claim for bonus in the second issue relating to all the associated companies were for a period covered by section 33 of the Payment of Bonus Act which has been struck down by the Supreme Court and as such cannot be adjudicated by the Tribunal. That being the position the Tribunal must hold that the reference so far as Issue No. 1 is concerned is incompetent and without jurisdiction.

It follows therefore that the preliminary objections succeed and the reference is incompetent.

Taken at my dictation and corrected by me.

AWARD

This is a reference under section 10 of the Industrial Disputes Act. The parties are Messrs. Electro Steel Casting Limited (hereinafter described as the Company), P.O. Sukchar, 24-Parganas, with Head Office at No. 4, Dalhousie Square East, Calcutta-1 and their workmen represented by Dalmia Iron and Steel Mazdoor Union, Nutan Bazar, Khardah, 24-Parganas (hereinafter described as the Union). The issue for determination is as follows:

Issue

Whether the termination of service of Shri Pannalal Shaw is justified? What relief, if any, is he entitled to?

In short the case of the Union in its written statement is that Shri Pannalal Shaw was appointed a fitter on 1st March 1964 against a permanent vacancy in the Company. During the tenure of his service he maintained a good and spotless record. He was an active member of the Union. It has been alleged that at times he was very much overburdened with excessive overtime work and as a result thereof, his health was affected. He had to express his inability to do any further overtime work. This, according to the Union, incurred the displeasure of the Company. By a letter, dated

2nd March 1965, the Company informed Shri Shaw that his work had not been found satisfactory and in reply to the letter the workman denied the allegation. Ultimately, however, the Company by its letter, dated 7th August 1965, discharged Shri Shaw from service on ground of unsatisfactory work and unauthorised absence. The Union raised objection and ultimately the present industrial dispute has been sent to this Tribunal for decision. The case of the Union is that the termination of service of Shri Shaw was improper and illegal and that it is a colourable exercise of the power conferred upon by the Management without any bona fides.

To be brief, the case of the Company as stated in its written statement is that the Order of Reference is bad as the Union has got no locus-stand to represent the workman of the Company. Besides this technical objection, it has been stated by the Company that Shri Pannalal Shaw was appointed as a probationer fitter on 1st March 1964, purely on a temporary basis. During the period of probation, his services were found unsatisfactory. He was very irregular in his attendance and his work was also not satisfactory. He was given verbal warnings several times without any effect. Although his services deserved to be terminated, the Management decided to give a further chance to improve his work and attendance and extended the period of probation. Inspite of the chance, Shri Shaw could not improve his attendance or work and ultimately the Management did not confirm him in his service but terminated his service by a letter, dated 7th August 1965. According to the Company this is not a case of pure termination of service but a case of not confirming a probationer in service whose work and attendance were not found satisfactory. The Company has, however, denied the material allegations.

Several documents have been exhibited on both the sides. On the side of the Union three witnesses have been examined while the Company has examined only one.

During evidence Shri Pannalal Shaw wanted to say that he was not a probationer but a permanent employee from the very beginning. He has produced one identity card which according to him indicates that he was a permanent employee. As against this evidence O.P.W. 1, the Manager (Personnel) of the Company has been examined. He has stated that Shri Pannalal Shaw was a probationer and that he was never confirmed. He has also stated that the identity card produced by the dismissed workman was not meant particularly for the permanent employees. I have seen the identity card and nowhere has it been stated there that the card was meant for permanent employee. Moreover, the most important document has been exhibited in this case. That is the application for employment signed by Shri Shaw. This is Ext. A. On this application it is clearly stated by the Management that Shri Shaw was appointed on probation with effect from 1st March 1964. Shri Shaw could not challenge this application. Shri N. D. Srimani, appearing on behalf of the Union, does not also seriously contend that Shri Shaw was originally appointed a permanent hand by the Company. However, I am satisfied that Shri Shaw was appointed on probation from 1st March 1964 and that he was never confirmed in his service.

There is no dispute before me that the probationary period of Shri Pannalal Shaw was extended. In this connection I have gone through the Standing Orders prevalent in the Company. Those orders have been marked Ext. D. Clause 3 of the Standing Orders relates to the classification of workmen. In this clause, probationers, temporary and permanent employees have been defined. According to the Standing Orders, a permanent workman is one who has been engaged on a permanent basis and who has satisfactorily completed a probationery period of six consecutive months. And ultimately confirmed in writing as permanent. There is also provision that the period of probation can be extended. In the present case, however, as I have already indicated, Shri Pannalal Shaw was appointed on probation and the probationery period was at first extended for six months more. Nearabout the end of the extended period, the Company wrote a letter to Shri Shaw on 27th February 1965/2nd March 1965 informing him that during the period of probation for about a year his services and works had not been found satisfactory. The Management, however, decided to give a final chance to Shri Shaw for improvement of his works by extending the period of probation. This extension, there is no doubt, was accepted by Shri Shaw. Naturally this extension started from 1st March 1965. At the beginning of August 1965, the Company wrote another letter to Shri Shaw informing him that in spite of the extension of the period of probation, he could not improve his work and attendance and that he was found very irregular and negligent. In this letter the Company mentioned the unauthorised periods of absence of Shri Shaw during the last 12 months. The Company ultimately informed Shri Shaw in this letter that due to the unsatisfactory work and absence of Shri Shaw, his service was terminated with immediate effect. The letter is dated 7th August 1965 and it has been marked Ext. C. The period of probation was, however, to come to an end with the expiry of August 1965 but the Company offered Shri Shaw one month's wages in lieu of notice.

The contention of the Union before me is that the Company alleged some misconducts against Shri Shaw while terminating his service and as such, the Company should have held a domestic enquiry. In the present case, the Company has not dismissed Shri Shaw. It is a simple termination of service on the ground that the Company was not satisfied with the works and attendance of the employee during the period of probation. It has been argued that it is a case of colourable exercise of the powers by the Company in order to victimise Shri Shaw. In the present case, there is no evidence from the side of the Union that Shri Shaw became absent occasionally on medical grounds. The chart showing unauthorised absence of Shri Shaw for about a year during the period of probation could not be validly challenged by the Union. The absence of Shri Shaw has been further correborated by the attendance register filed in this case. Moreover, admittedly according to the Standing Orders, Shri

Shaw was initially appointed as probationer for six months. For a period of six months more the probationery period was extended. The Company was not satisfied at the work of Shri Shaw during this period. The Company could have easily discharged Shri Shaw but still the Company gave a last chance on 2nd of March 1965. This was certainly a good gesture and sign of sampathy from the side of the Company. There is no evidence that against the allegation made in the letter Ext. B, Shri Shaw ever protested or that he had any reasonable ground to refute the remark made by the Management. Thereafter more than 5 months passed, but the Company was not satisfied because in spite of warnings, there had been no improvement on the side of the employee in question. In the facts and circumstances of the present case, there can be no doubt that the Management gave sufficient opportunity to Shri Shaw to improve his works and attendance but Shri Shaw failed rather he did not pay proper heed to the warnings given to him. Consequently the Management had no other alternative but to terminate his service without confirming him. The Management is ordinarily not bound to give reasons in details for the discharge of a probationer. In the present case, as I have already stated, the reasons have been given by the Management as to why Shri Shaw was discharged and I find that those reasons are proper and valid. The action taken by the Management was bona fide and reasonable. It should be noted that this is not a case of misconduct during the period of probation. Had it been such a case, the Company should have to held an enquiry against the misconduct and dismissed him from service. That question however, does not arise here. I have given my best consideration to the evidence of Shri Shaw and the General Secretary. I have also gone through the evidence of the Manager O.P.W. 1. Of course the evidence of P.W. 3 is not of any importance. I fully rely upon the evidence of O.P.W. 1 and reject the evidence of P.W.s 1 and 2. According to my finding the Management of the Company was justified in not confirming Shri Shaw in his service but it acted properly to terminate his service very reasonably on the ground that the attendance and the works of Shri Shaw were unsatisfactory in his probationery period. The issue is, therefore, decided in favour of the Company and against the Union. Shri Pannalal Shaw is not entitled to any relief.

Before I close I should mention that at the time of argument no question was raised from the side of the Company challenging the status of the Union to represent the workman of the Company. I am satisfied that this was an industrial dispute.

AWARD

By order No. 3190-I.R./IR/10L-205/63, dated the 25th July 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Indian Aluminium Company Limited, Belur Works, 39 G.T. Road, P.O. Belurmath, district Howrah, hereinafter referred to as the said company, and their workmen represented by the Indian Aluminium Belur Works Employees' Union, 371/21 G. T. Road, P. O. Belurmath, district Howrah, regarding the matters specified in the Schedule, to the First Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue:

Whether the dismissal of Messrs. Anil Sarcar and Kanak Mukherji is justified? What relief, if any, they are entitled to?

Subsequently by order No. 2124-I.R./IR/10L-130/66, dated the 28th May 1966, the case was

withdrawn from the First Industrial Tribunal and transferred to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for disposal.

Shri Anil Sarcar and Shri Kanak Mukherji, the two concerned workers of the case were in the employment of Messrs. Indian Aluminium Company Limited, hereinafter referred to in this award as the company, as motor drivers, but both of them were dismissed on charges of gross misconducts after departmental enquiry at the instance of the management. These charges were contained in charge-sheet, dated 17th June 1963, which are on record as part of the proceedings of the departmental enquiry. The charge-sheet issued to Shri Anil Chandra Sarkar, read as follows:

"On January 24th, 1963, you were on duty with Company's Willys Jeep No. BRN 2824. At about 8-05 p.m. you dropped Mr. A. K. Roy at Ekdalia Place and while returning to Belur Works the vehicle was completely damaged by fire on Broad Street facing western direction near an automobile garage at 33 Broad Street.

You reported about the incident on the following morning. An investigation into the incident was made by the Calcutta Police and the management also started preliminary enquiries. These investigations reveal that:

1. After having dropped Mr. A. K. Roy at Ekdalia Place you took the vehicle to an automobile garage at 33 Broad Street and detained the vehicle there without any authority or justification.

2. From the abovementioned garage the vehicle merely covered a distance of about 20/25 yards (in front of premises No. 68, Broad Street) where it was found in a completely damaged condition by fire without your being able to detect the cause, source or even the spread of fire which indicates gross negligence in the discharge of duty and absolute carelessness towards the safety and security of company's property.

3. You indulged in gross negligence of duty by not taking proper action and adequate precaution against the damage of the company's vehicle. You also deliberately suppressed the facts in your report.

4. You were taking the company's vehicle to the house of Shri Kanak Mukherjee's sister to drop Shri Kanak Mukherji, a driver, in an unauthorised manner.

5. You dropped Mr. A. K. Roy at his place at about 8-05 p.m. but the vehicle was involved in the incident at about 8-40/8-45 p.m. on Broad Street. You thus took unusually long time—approximately 35 minutes to go from Ekdalia Place to Broad Street, a distance of about two miles.

6. You took Rupees two from Mr. A. K. Roy for purchasing engine oil but you did not purchase the same thereby running the risk of damaging the engine of the vehicle.

You are, therefore, directed to show cause in writing within two days on receipt of this charge-sheet as to why disciplinary action should not be taken against you for driving company's vehicle towards unauthorised destination, giving Mr. Kanak Kumar Mukherji a lift in the vehicle in an unauthorised manner, detaining the vehicle in the automobile garage without any grounds or justification, deliberately suppressing the facts in your report, taking unusually long tome to cover a short distance as also indulging in gross negligence of duty by not taking proper action and adequate precaution against the complete damage of the company's vehicle."

Shri Kanak Mukherji was given the following charge-sheet:

"On January 24th, 1963, you were travelling by Company's Willys Jeep No. BRN 2824 being driven by Mr. Anil Chandra Sarkar, a driver of the company. After dropping Mr. A. K. Roy at Ekdalia Place at about 8-05 p.m. while returning to Belur Works the vehicle was completely damaged by fire on Broad Street facing western direction near an automobile garage at 33 Broad Street. You made a written report about the incident on January 28th, 1963.

An investigation into the incident was made by the Calcutta Police and the management also started preliminary enquiries. These investigations reveal that:

(1) You travelled in the company's vehicle in an unauthorised manner and directed the driver, without authority, to give you a lift to your sister's residence at Liuton Street.

(2) You had deliberately suppressed the fact that the vehicle, after dropping Mr. A. K. Roy at Ekdalia Place, was taken to an automobile garage at 33 Broad Streed and was detained there without any ground or justification.

(3) From the abovementioned garage the vehicle merely covered a distance of 20/25 yards (in front of premises No. 68, Broad Street) where it was found in a completely damaged condition by fire without your being able to detect, being an experienced professional driver travelling in the vehicle, the

cause, source or even the spread of fire which indicates your gross negligence and total carelessness towards the safety and security of company's property.

You are, therefore, directed to show cause in writing within two days on receipt of this charge-sheet as to why disciplinary action should not be taken against you for travelling unauthorisedly in the company's vehicle and directing without authority or permission the driver to give you a lift to your sister's residence, supressing all relevant facts deliberately to misguide the management and indulging in gross negligence and carelessness by not taking proper action against the complete damage of the company's vehicle."

Explanations in due course were submitted by both the drivers. In their explanations they denied the charges, but the said explanations were not found satisfactory by the company and a managerial enquiry into the charges was held by Shri Pradip Chandra Gupta, Assistant Personnel Superintendent of the company's factory at Belur at the material time. Shri Gupta found the two workers guilty of almost all the charges and recommended their dismissal. On his recommendation, the management dismissed both of them. Thereafter an industrial dispute was raised over their dismissal by the Indian Aluminium Belur Works Employees' Union and the case was referred to the Tribunal for adjudication.

In the written statement filed on behalf of the union, this dismissal of the two workers has been challenged as illegal and unjustified and it has been contended therein that though none of the drivers had committed any of the misconducts mentioned in the charge-sheets respectively issued to them, still Shri N. R. De, an Ex-Police Officer and Staff Officer of the Company, at the material time had prevailed upon the management to issue the charge-sheets upon them only to secure his promotion. The union also submitted that the enquiry leading to the dismissal of the workers had offended the principles of natural justice in as much as they were not given reasonable opportunities to defend themselves and prayed for their reinstatement with full wages and other benefits for the period of their forced unemployment.

In its written statement filed, the company has contended that the union has no case for reinstatement of the two drivers, as the allegations in the charge-sheets issued respectively to them were all true and in the departmental enquiry the delinquent workers were given all reasonable opportunities to defend themselves. The company also submitted that on the materials available at the enquiry, the Enquiry Officer was justified to find the two workers guilty of the majority of the charges and to recommend their dismissal.

The charges issued to two drivers have already been recorded in extenso. Both the charge-sheets were issued on 17th June 1963, over incidents said to have occurred on 24th January 1963. The company has its Head Office at Calcutta and factory at Belur, Howrah and it is in evidence that it provides transport for its Officers for going to and coming from the office and factory. It is not disputed that in the afternoon of the material date viz., 24th January 1963, Shri Anilchandra Sarkar was allotted Company's Willys Jeep No. BRN 2824 for taking six Officers—Shri A. K. Biswas, Shri A. S. Chatterji, Shri A. C. Banerji, Shri B. R. Chander, Shri H. Sarkar and Shri Amal Kumar Roy to their respective residence, from the factory and that Shri Sarkar had left the factory at about 6-30 p.m. with the six Officers and the other concerned worker Shri Kanak Mukherji, an off-duty driver at the time, as occupants of the jeep. It is also not disputed that the last Officer to be dropped by him that night was Shri Amal Kumar Roy, residing at Ekdalia Place, Ballygunge, and on the route from the factory to his residence at Ekdalia Place, he had dropped the other Officers. Further undisputed facts are that after dropping Shri Roy, Shri Sarkar had taken from him Rs. 2 for purchase of mobil oil for the jeep and that thereafter he had taken the route along Gariahat Road, Bondel Road, and Broad Street with Shri Kanak Mukherji still in the jeep and that the jeep was burnt down by fire some yards off from a garage at 33 Broad Street. It has been alleged on behalf of the company that while proceeding along Broad Street, Shri Sarkar and Shri Mukherji had entered the garage at 33 Broad Street and when they were waiting there, the jeep had caught fire. Company further alleged that after the fire had broken out in the jeep, the two workers had taken it out of the garage and then proceeded along Broad Street towards Rifle Road, with fire still raging in the jeep, instead of making any attempt to extinguish the fire and thus to save the vehicle but were compelled to stop the jeep after going 25 yards or so from the garage, as by then the fire had become unbearable. Further allegation of the company was that after stopping the jeep both the workers had come out and left the place leaving behind the jeep ablaze and completely unprotected. Company has also averred that the shortest route from the factory to Ekdalia Place is the route via New C.I.T. Road, Ameer Ali Avenue and Gariahat Road and that after dropping Shri Roy at his residence at night the two workers had deviated from the route and taken the route via Bondel Road, Broad Street for going to Linton Street where Shri Mukherji's sister then lived. The two workers admitted that after dropping Shri Roy they had decided to go to Shri Mukherji's sister's house at Linton Street and that for that purpose they had taken the route via Bondel Road and Broad Street, but have denied the other allegations of the company in their explanations to the charge-sheets issued to them. As already indicated the explanations submitted by the two workers were not found satisfactory by the management and they ordered enquiry. In the said enquiry which was conducted by D. W. 1, Shri Pradip Chandra Gupta, then Assistant Personnel Superintendent, Belur, Shri Mukherji was found guilty of all the charges and Shri Sarkar of the various charges contained in the charge-sheet excepting charge

No. 5, and on the findings of the Enquiry Officer, management dismissed both the workers. It is now said by both the workers that the dismissal on the basis of the enquiry proceedings, was unjustified in as much as the proceedings had violated the principles of natural justice. If this contention of the workers was correct or if the evidence at the enquiry even if believed to be true, was not sufficient for a prima facie case in support of the charges against the workers, this Tribunal will certainly interfere with the action taken by the management on the findings of the Enquiry Officer; otherwise not. It is now well-established principle that in such cases the Tribunal has very limited jurisdicaton and will not interfere with the findings of the Enquiry Officer or the action of the management on the findings of the Enquiry Officer if it finds that from the evidence before him the Enquiry Officer was justified to draw a conclusion in favour of the management. The Tribunal cannot sit in appeal over the findings of the Enquiry Officer and can only interfere with the step taken by the management against the delinquent worker on the basis of the findings at the enquiry only if the enquiry has vitiated against the principles of natural justice or the findings of the Enquiry Officer was perverse or the action taken by the management was taken only by way of victimisation, and amounted to unfair labour practice. In the instant case the main complaint of the workers was that in the enquiry they were not given all reasonable opportunities to defend themselves. The allegation of the workers has been seriously challenged by the company and it has examined its Enquiry Officer and also produced the proceedings of the enquiry to refute these allegations. The proceedings of the enquiry with the findings of the Enquiry Officer is Ext. B in the case. Pages 1 to 32 of this Exhibit was the Enquiry Officer's report and findings regarding the enquiry and the rest of the document contain the charge-sheets, workers' reply thereto, evidence recorded at the enquiry and some other documents. The Enquiry Officer's report was prefaced with an introduction and in the said introduction is given a time table said to have been observed by the Enquiry Officer in the enquiries. The time table indicates that the enquiry had commenced on and from 28th June 1963, and it is not disputed that the workers were duly notified that the enquiry would commence from 28th June 1963. It is also not disputed that at the said enquiry the workers were represented by Shri A. K. Sinha. According to the time table the only work done on 28th June 1963 was the examination and cross-examination of two witnesses for the company but if we go through the proceedings of that date it will appear that the examination of the two concerned workers, and from the manner in which their statements of that date were recorded by the Enquiry Officer, it can be said without any hesitation that these statements were made by the two workers in answer to questions put by the Enquiry Officer and not suo moto. In a departmental enquiry company must begin first i.e. its witnesses must first be examined and cross-examined and then the witnesses for the defence including the concerned workers. Examination of the two workers on 29th June 1963 by the Enquiry Officer even before the Company was asked to lead its evidence was, therefore, highly irregular. It seems from the proceedings that after the enquiry officer had obtained from the workers their complete version of the case against the charges, from their explanation to the charges as also from the statements made by them in reply to questions put to them by himself on 28th June 1963, the enquiry officer had called upon the company to prove the falsity of the case of the workers. When the company had charged the two workers with gross misconduct as mentioned in the charges undoubtedly onus was on it to prove the charges by leading evidence in their possession, and in all fairness the enquiry officer should have first called on the company on 28th June 1963 to lead evidence for discharge of the onus; he, however, did not do so, instead he obtained from the two workers further statements regarding their defence, obviously with the idea to help the company to have a complete picture of the defence of the delinquent workers before leading its own evidence and this procedure adopted by the enquiry officer, I must say, was very much to the projudice of the workers. In his evidence before this Tribunal the Enquiry Officer has said,

> "On the first date of the enquiry I told the concerned workers that they had already submitted their statements to the company and asked whether they have anything more to add and they made their statements which were recorded by me. I did not personally put them any questions."

Statements of the two workers as recorded on 29th June 1963 themselves alone prove the mala fide of this evidence of the enquiry officer indicating that the workers have made their statements suo moto and not in answer to the questions put by him. Even if the evidence be assumed to be correct, still his obtaining the statements from the workers before taking evidence from the company's side, proves that the procedure followed by the enquiry officer was not only irregular but also prejudicial to the workers. It was no doubt argued on behalf of the company that after the close of company's witness, the workers were given the necessary opportunity to make their statements regarding the charges and in support of this argument company relied on the enquiry officer's letter, dated 26th July 1963, marked Ext C/I to the workers. In his evidence before this Tribunal the enquiry officer said that in pursuance of the notice to the two workers, Shri Sarkar had appeared on 29th July 1963, and he had asked him whether he had got anything more to say but he remained silent. He also stated that Shri Kanak Mukherji had not appeared on that date. Reference to the proceedings will, however, indicate that all these statements of the enquiry officer were not correct and that he had asked the two workers to appear before him on 29th July 1963, not for making further statements regarding their cases but for clarification of certain points which had in the meantime transpired from the evidence of Shri A. N. Chatterji examined as defence witness for the enquiry. In support of this observation I may refer to be enquiry officer's letter, dated 26th July 1963, marked Ext. C/1 in

the case. In paragraph 1 of this letter Shri Gupta stated that as after the examination of the witnesses produced by the workers and the management, he had found that the workers should be given opportunities to clarify certain facts gathered during the enquiry, they must attend the enquiry to be held on 29th July 1963 for further cross-examination of Shri A. K. Biswas. As proceedings have been recorded, it can be said that the workers themselves had made no prayer, orally or in writting after the close of the evidence of both sides in the enquiry for clarifacation of any facts and it transpired that during the enquiry if anybody needed the clarification, it was either the company or the enquiry officer himself, certainly not workers and the proceeding, dated 29th July 1963, will show that in the name of clarification the enquiry officer himself has cross-examined Shri Sarkar with the idea of eliciting from him facts not consistent with the defence taken by him and Shri Mukherji, the other driver. Few hours after the burning of the vehicle Shri Sarkar submitted a report to the Transport-in-charge, Indian Aluminium Company at Belur, Howrah. The said report was Ext. 1 at the enquiry and is Ext. A/1 before this Tribunal. With reference to these documents as also to his statements before the police marked Ext. 4 by the enquiry officer, several questions were put to Shri Sarkar on 29th July 1963, and the record of the proceedings of that day only indicate that the statements were made in reply to questions put to him by somebody interested to prove the mala fide of the defence taken by the two workers at the enquiry and on materials on record I have not the slightest hesitation to conclude that this somebody was none else than the enquiry officer himself. Be that as it may, the two drivers were called on 29th July 1963, not for making further statements regarding the cases, as has been said by the enquiry officer before this Tribunal, but for some other purpose viz., for clarification of certain facts. From the proceedings of the enquiry, it can, therefore, be safely said that after the close of the company's witnesses deliquent workers were not given any opportunity to explain or meet the incriminating evidence company has led against them. It is true that after the examination, the enquiry officer had requested the workers to give him the list of their witnesses and that they never had informed him that they themselves will also depose in support of their case, still, however, the enquiry officer should have after the close of the company's witness, asked these two workers to give their evidence regarding the charges and he not having done so, I hold that the enquiry was irregular and illegal.

It was argued on behalf of the company that in pursuance of the notice asking them to appear before him on 29th July 1963 both the workers should have attended the enquiry and made their statements, if any, regarding the incident, but this argument cannot be upheld. Only Shri Sarkar appeared on that date. He was not even asked whether he had got anything to say regarding the charges against him. Shri Kanak Mukherji did not appear before him but for his non-appearance no adverse presumption can be drawn against him, as his appearance on that date was insisted on by the enquiry officer for clarification of certain facts and not for his evidence in support of his case. The procedure followed by the enquiry officer to take evidence in the enquiry, was for all these reasons, was irregular and improper, and for this reason alone it can be held that the enquiry was not fair and proper.

The procedure followed at the enquiry was also irregular and improper in as much as the enquiry officer had allowed the company to lead evidence after close of defence evidence, obviously with the idea to nullify the effects of the evidence adduced on behalf of the workers. Shri A. K. Biswas deposed as a witness for the company on 28th June 1963, and he was cross-examined on that date. The last witness for the company was examined on 13th July 1963 and on 17th July 1963 the first defence witness, viz., Shri R. N. Thakur, Chargeman, Vehicle Maintenance, was examined and cross-examined as a witness for the workers. On 19th July 1963 the workers wrote to the Personnel Superintendent for opportunity of further cross-examination of Shri A. K. Biswas, but his prayer was disallowed by the Officer. By the said letters the workers also wanted to examine their Sectional-in-charge Shri A. N. Chatterji as their witness. Both these prayers of the workers as contained in their letter marked Ext. C(4) in the case were, however, turned down by the enquiry officer. Subsequently, however, both the requests were accommodated. This will be apparent from the following lines appearing at page 4 of the enquiry officer's report:

> "The delinquents wrote to me on 19th July 1963 that they would not like to produce any further defence witnesses, but wanted to examine a new defence witness Mr. A. N. Chatterji and further cross-examine Management witness Shri A. K. Biswas. Though at one stage this request was turned down for the same, later on, in the light of later development, these two requests were accommodated on 23rd July 1963 and 29th July 1963."

On 23rd July 1963 Shri A. N. Chatterji deposed for the workers. In course of his evidence before the Enquiry Officer Shri Chatterji has said "I heard from the Police that the drivers were not found on the spot either by the Fire Brigade or the Police. Later on I went to Fire Brigade to inquire about this. I met one Mr. Ghosh at the Fire Brigade Headquarter. I do not know his designation (something like Inspector). He said that he was present on the spot. Mr. Ghosh rang me up after about 8 days from the date of the incident to know the valuation of the burnt vehicle. I do not know how Mr. Ghosh got my name. On asking Mr. Ghosh said that he obtained my name and telephone number from Driver Shri Anil Sarkar who was present on the spot. I reported this incident to Mr. Biswas verbally."

These statements of Shri Chatterji if true, greatly corroborated Shri Sarkar's statements in his report (marked Ext. 1 before the Enquiry Officer and Ext. A/1 before me) to the effect that the Fire Brigade Officer had taken his name and the address of the company and its phone number, and I have not the slightest hesitation to hold that to nullify the corroborative value of this evidence of Shri Chatterji, the Enquiry Officer had allowed the company to examine Shri N. N. Mitra, Station Officer, Fire Brigade Headquarters on 24th July 1963. In his report of the enquiry, the Enquiry Officer has observed:

> "After the deposition of the defence witness Mr. A. N. Chatterjee on 23rd July 1963, I felt that his statement should be verified from Mr. D. K. Ghosh, Sub-Officer, Fire Brigade, Headquarter in Calcutta. Accordingly a hearing was fixed for 24th July 1963 under intimation to the delinquents. The delinquents did not turn up here also."

These observations of the enquiry officer only indicate how biased he was towards the company from the beginning. Company led evidence with notice of the defence case that shortly after the fire Fire Brigade men had come to the spot and the Fire Brigade Officer had taken from Shri Sarkar his name as also the name and address and phone number of the company and that with the permission of the Fire Brigade Officer he had left the spot but still the company did not call any one from the Fire Brigade to prove the mala fides of this defence taken by Shri Sarkar. After the close of Shri Chatterji's evidence the company did not also make any prayer, orally or in writing, to the enquiry officer, for permission to call officer from the Fire Brigade to prove the falsity of Shri Sarkar's case as stated just now. This attitude of the company, the enquiry officer did not like as he found that Shri Chatterji's evidence, if not rebutted, by some evidence from Fire Brigade, will greatly help of the workers in their defence and so he went out of his way to fix a date for evidence of Fire Brigade Officer Shri Ghosh and thus to help the company to have from him evidence in support of the charges. This is quite apparent from the record of the proceedings. When, however, sitting was actually held on 24th July 1963 Shri Ghosh was not available being on leave and in his place Shri N. N. Mitra was examined as a witness for the company. The workers or the representative did not attend the enquiry, and it was urged on behalf of the company that as notwithstanding notice of the enquiry on 24th July 1963, the workers had not attended the enquiry, they are estopped from arguing that the enquiry was bad in as much as the proceedings of 24th July 1963 was held in their absence. This argument on behalf of the company. I cannot accept. Enquiry Officer's own report of the enquiry conclusively establishes that 24th July 1963 was fixed for the evidence of Shri Ghosh and not for any other officer of the Fire Brigade. If, therefore, Shri Ghosh was not available on 24th July 1963 the enquiry officer should not have held any sitting on that date and if he was of the opinion that in place of Shri Ghosh some other officer of Fire Brigade should be examined, he should have fixed another date for his evidence after proper notice to the workers concerned and he not having done so, I hold that the ex parte proceeding of 24th July 1963 also vitiates the enquiry. Moreover, the circumstances under which Shri N. N. Mitra was examined, also indicate that the enquiry was not fair and proper. If the company considered Shri Mitra an important witness in support of its charges against the workers, it should have examined him before Shri A. N. Chatterji and not after. As a matter of fact, on 10th July 1963 company has examined a Fire Brigade Officer Shri N. L. Roy to prove that Shri Sarkar's contention that he was present on the spot when the Fire Brigade Officer had come, has no substance, but no question to disprove Shri Sarkar's further contention that the Fire Brigade Officer had taken down his name, as also the name and address and phone number of the company, was put. As evidence was led by the company before the Enquiry Officer it can also be said that not only on 10th July 1963 but also on any subsequent dates of enquiry, company had never thought of examining anybody from the Fire Brigade to demolish Shri Sarkar's positive case that a Fire Brigade Officer had taken down his name as also the name and address and phone number of the company and that to demolish this case of Shri Sarkar it had examined Shri N. N. Mitra taking cue from the enquiry officer's observation that Shri Ghosh should be examined to verify Shri A. N. Chatterji's statement, but as already observed, this date was not fixed for Shri N. N. Mitra's evidence but was fixed for only Shri Ghosh. The enquiry officer had accordingly no justification to take Shri Mitra's evidence on that date in the absence of the workers. Moreover, after the evidence of Shri N. N. Mitra he should have also asked the workers whether they wanted to examine Shri A. N. Chatterji further. As Shri A. N. Chatterji gave his evidence long before Shri N. N. Mitra and when giving evidence he could not forsee that the company would examine any Fire Brigade Officer to falsify his statements in support of the workers, after the evidence of Shri Mitra, in all fairness the enquiry officer should have given the workers necessary opportunities to examine Shri Chatterji again to meet Shri Mitra's evidence adverse to the defence case. No such opportunity having been given to the workers, the enquiry was bad and improper.

The enquiry has also offended the principles of natural justice in as much as the enquiry officer has not given the workers any opportunity to cross-examine the company's witnesses on whose evidence his findings regarding the charges mentioned in clauses (2) and (3) of the two charge-sheets under consideration were based on 7th July 1963 and 13th July 1963 the enquiry was held at Karaya P.S. and in these two sittings some gentleman from Broad Street and Plam Avenue and S.I. Bhowmick of Karaya P.S. were examined as witnesses for the company. It is not disputed that none of these sittings was attended to by the concerned workers or their representatives, and it was argued on behalf of the company that as the workers were duly intimated of these sittings at

Karaya P.S. and were also assured that they would be provided transport for going to the Karaya P.S., their non-appearance at the enquiry can be no ground for holding that the enquiry was not fair and proper as has been pleaded by them before this Tribunal. After going through the evidence oral as well as documentary on record I am, however, constrained to observe that this submission of the company has no force and that in the circumstances of the case the enquiry officer was not justified to hold the enquiry in the Karaya P.S., in the teeth of the opposition from the workers and their respresentatives. By letters, dated 5th July 1963 (Exts. C/9 and C/10), Shri Kanak Mukherji and Shri A. C. Sarkar were informed by Shri S. C. Bhattacharji, Personnel Superintendent of the company that further enquiries into the charges levelled against them would be held on Sunday, the 17th July 1963, at 3 p.m. in the Karaya police-station, Section "Y" at 52 Karaya Road, Calcutta and directed to present themselves at the said enquiry. They were also intimated by these letters, that should they fail to appear the enquiry would be conducted ex parte. By letter, dated 6th July 1963, marked Ext. C/18, Shri A. K. Sinha, Joint Secretary of the union informed Shri Bhattacharji their unwillingness to attend the enquiry if held at Karaya P.S. An extract from this letter was quoted by the enquiry officer in his report of enquiry to the management, and as on this letter will have to be decided the question, whether the workers had any just or sufficient reason to boycott the enquiry to be held at Karaya police-station. The letter is quoted here verbatim.

"INDIAN ALUMINIUM BELUR WORKS EMPLOYEES' UNION,

371/21 B.T. Road, Belurmath, Howrah

The 6th July, 1963.

To

Shri S. C. Bhattacharjee,
Personnel Superintendent, Indian Aluminium Co. Ltd., Belur.

Dear Sir,

Your letter, dated 5th July 1963, addressed to our members Shri Anil Sarkar and Shri Kanak Mukherjee for attending the enquiry at 3 p.m. in the Karaya police-station, Section "Y" at 52 Karaya Road, Calcutta.

I verbally rescented to the above suggestion of yours today. But you did not appreciate the genuine feelings of Shri Sarkar and Shri Mukherji against holding a departmental enquiry in a Thana atmosphere which is repulsive and unhealthy from any normal citizen's point of view. Only the criminals are not afraid of this Thana and Jails and find such places to be normal for them. Out members genuinely feel that proper enquiries cannot be conducted in Thana atmosphere and the very atmosphere is prejudicial to their interest and proper defence. In fact, not accustomed to thana as they are, the idea of an enquiry at thana has perturbed them very much.

We, on behalf of our union, cannot be a party to any departmental enquiry being held at the Karya Thana or any Thana. Nowhere departmental enquiry is held in the Thana.

We are not told the particular reasons for your such an unprecedented choice. After mature deliberation, we again request you to hold the enquiry at the Belur Works of the Company or at its office in Calcutta.

Please note that unless the venue of the enquiry is changed, no useful purpose will be served by such an enquiry and as such, the aforesaid two drivers will be reluctantly compelled to remain absent from the said enquiries.

In view of your belated charge-sheet and proposal to hold the enquiry afresh and over again in the thana, a feeling has been created amongst our General Workmen that you are acting with some plan against these two drivers and the attitude is not a bona fide one.

Yours truly,
A. K. Sinha, Jt. Secretary."

In reply to this letter the enquiry officer Shri Gupta sent letter, dated 7th July 1963, marked Ext. C/17 to the drivers intimating that the enquiry will be held at Karaya P.S., on date originally fixed and asking them to be present at the enquiry. By this letter Shri Gupta also informed the workers that for their attendance at the enquiry transport will be available for them from Belur and that in case they would not turn up, the enquiry will be conducted ex parte. Notwithstanding this letter the workers did not attend the enquiry held at Karaya P.S., on 7th July 1963 and 13th July 1963 on which dates several important witnesses on behalf of the company were examined. On 7th July 1963 were examined Bhim Shaw, Md. Ishaque, Sk. Ali Hossain, Md. Hasan, Ab. Salam, and Sk. Md. Ishaque, S. I. Bhowmick and on 13th July 1963 were examined Mustaque Ahmed and Ram Nagina. All these witnesses admittedly live in the locality where the vehicle in question was gutted by fire. I have carefully gone through the evidence of all these witnesses as recorded by enquiry officer but I could not find therein sufficient material to justify the company's contention that it had to select Karaya P.S., as the venue for the enquiry for the evidence of these witnesses as they had expressed their unwillingness to give evidence at the enquiry if not held at a place nearabout the locality where they reside. Of these witnesses, S. I. Bhowmick, Md. Ishaque and Sheikh Ali Hossain have deposed before this Tribunal respectively as D.W. 2, D.W. 5 and D.W. 6, and it will appear from the evidence of D.Ws. 5 and 6 before this Tribunal that their unwillingness to go to Belur or to the Head Office was due to the distance of these places from the place of incident, but this unwillingness could have been easily removed by the company by providing transport as it was ready to provide for the workers for attending the enquiry at Karaya

P.S. The explanation the company has offered before this Tribunal through the evidence of Shri De, its Head Office Staff Officer at the material time, for selecting Karpya P.S., as the venue of the enquiry for these witnesses was not, therefore, a sufficient explanation and my firm opinion based on the materials on record and the background of charge-sheets is that these witnesses were examined at Karaya P.S., so that with the help of the Police the company could get from them statements favourable to its case against the workers as has been suggested by the workers before this Tribunal.

The incident took place at about 8-30 p.m. in the night on 24th March 1963. Shortly thereafter S. I. Bhowmick rushed there from Karaya P.S., arrested Abdul Salam, Abdul Rejak and Md. Hossain under section 54C, and started against them Case No. 10 of 1963. (Case No. 'Y') under section 54 Cr. P.C./427/435 I.P.C. Next day he forwarded the accused to the Court with a forwarding report to the effect that "the accused persons, who are the owners and employees of Board Automobiles at 33 Broad Street were concerned in a cognisable case of causing mischief by fire in which a van BRN 2824 was burnt by fire at Broad Street at about 9-30 p.m. and that they were smuggling petrol from the van with the help of the driver of the van and at that time the van caught fire from the petrol and as a result it was completely damaged." In this forwarding report it was further stated that the driver of the van was absconding and further enquiry was proceeding. Few days after this report, to be more precise, on 1st June 1963 the same Police Officer submitted a report before the Police Magistrate, Alipore, stating that no sufficient evidence was forthcoming against the accused persons and they may kindly be discharged. On this petition all the three accused were discharged on that very date (vide Ext. 1). Of these three accused, Md. Hasan and Abdul Salam have deposed as company's witnesses at the enquiry held on 7th July 1963 in the Karaya P.S., and it was suggested on behalf of the workers that the company had examined witnesses and also other local people in the thana so that with the help of the Police they could get from them statements of its choice. If we consider that only a few months before their evidence at the enquiry Salam and Hossain were arrested on a charge of smuggling petrol from the van with the help of the driver as also of being concerned in a cognisable case viz., mischief to the car by fire, this suggestion on behalf of the workers cannot be thrown out as wild or without basis. The suggestion also gets force from Shri Bhowmick's evidence before the enquiry officer indicating that on receipt of information that petrol was being smuggled from motor vehicles belonging to different parties to that particular garage, we had brought to the police-station Abdul Rejak, Abdul Salam and Md. Hossain for interrogation and subsequently they were put under arrest under section 54 Cr. P.C. and these statements of S. I. Bhowmick sufficiently indicates that the garage at 33 Broad Street of Abdul Salam was on the black list of the Karaya P.S., and no owner of such a garage far less an employee of the garage will dare to go against the Police. It is thus established that of the local witnesses examined at the thana, two viz., Salam and Hossain have sufficient reason to give evidence at the enquiry as per dictation of the S. I. Bhowmick and it is proved by his and by Shri De's evidence that for bringing the charges against the two workers, Shri De was acting in glove with Shri Bhowmick. In course of his cross-examination before this Tribunal Shri De has said that S. I. Bhowmick had collected some of the informations gathered by him at the enquiry and that he had collected only those informations that were relevant for him. At a latter part of his cross-examination Shri De also stated that S. I. Bhowmick had passed on to him the statements made to him by the two drivers. These statements of the two drivers as referred to by Shri De, were recorded by him in course of his investigation in the criminal case against the owners and employees of the garage at 33 Broad Street. As none of these two workers was accused in that criminal case, their statements recorded by Shri Bhowmick were statements recorded under section 161 Cr. P.C. and were not as such available to outsiders. Statements under section 161 Cr. P. C. are confidential statements, copies of which, no officer of the thana is competent to give to any outsider. Shri Bhowmick's supplying statements of the two workers to Shri De was thus quite unlawful and he thinks that he would not have done such an unlawful act had Shri De been not an ex-member of I.P.S. In other words, Shri De had used his position as an ex-member of I.P.S. for getting the copies from S. R. Bhowmick. Not only in the matter of getting the statements but also in the matter of holding the enquiry at Karaya P.S. Shri De has misused his position as an ex-I.P.S. member. At page 1 of his evidence Shri De has said that for examination of Government officials as company's witness at the enquiry, he had contacted the superiors to ascertain if they could be brought either to the factory or to the Head Office during enquiry and was informed that they would not go to their premises. Proceeding further in his evidence Shri De stated "The then Deputy Commissioner, South District, when contacted by me, said that his officer would not go to any place to depose, the reason being the distance and when I suggested that he would be an important witness about the case, he suggested that we could use the thana premises on condition that the enquiry would be held at such time when the public normally do not come because the thana works should not be disrupted, so a particular room was earmarked for a period of time, may be for two hours or so."

No corroboration in support of his statement is available. Even S. I. Bhowmick who has deposed before this Tribunal as company's witness No. 2, has not mentioned any word supporting this statement of Shri De and he has stated that O/C, Karaya P.S., had verbally directed him to allot a room to the company for the enquiry. In this view of the matter O/C of the P.S., should have been called as a witness to substantiate Shri De's evidence that D/C, South, had directed him to

allot to the company a thana room for the purpose of domestic enquiry. The O/C not having been examined no reliance I can place on Shri De's evidence that for refusal of D/C, South, to allow S. I. Bhowmick to depose at the enquiry, the company had to hold part of the enquiry at the thana with the permission of the D/C, and I am of opinion that the enquiry was held at the thana not for the reasons suggested by Shri De in his evidence before this Tribunal but for influencing the local witnesses through S. I. Bhowmick, to depose in favour of the company. Of the local witnesses examined by the company at the thana, Bhim Shaw, Mustaque Ali, Ishaque Hossain examined by S. I. Bhowmick in the night of the date of the incident. This is apparent from his evidence before the enquiry officer. Here, however, S. I. Bhowmick denied having made any such statement before the enquiry officer but on this evidence I cannot place any reliance as he had signed his statement as recorded at the enquiry by the enquiry officer. If along with the statement of S.I. Bhowmick be considered, Shri De's evidence, that he had collected from S. I. Bhowmick the informations that were relevant for his own enquiry regarding the incidents of the material night, conclusion will be inevitable that S. I. Bhowmick had supplied Shri De not only the statements of two drivers as recorded by him but also the statements of the witnesses recorded by him in course of his investigation that night. When, therefore, the local witnesses were examined at the thana, S. I. Bhowmick had already in his possession some of their statements and under the circumstances in which the statemnets were recorded, it would not have been possible for them to deviate from the statements already made by them. These local witnesses were examined on two dates and we have from the enquiry officer himself that on each of those two dates, at his request, one Police Officer was present at the enquiry to watch that the statements of these witnesses were being correctly recorded by him. It is this evident that not only one thana room was given to the company for the enquiry but an officer of the thana also was spared by the O/C of the thana to watch the proceedings, and in the said proceeding were eramined witnesses including persons arrested by S.I. Bhowmick in the relevant night on the suspicion that they were smuggling petrol from the van in question. These accused, it has already been indicated, were the owners and employees of the garage at 33 Broad Street, which garage according to S. I. Bhowmick's own evidence was in the black book of the Police for alleged smuggling for petrol from others' cars. Owners and employees of such a garage can hardly go against the Police. When, therefore, in the instant case there are overwhelming circumstances indicating that without the assistance of S. I. Bhowmick, it would not have been possible for the company to issue the charge-sheets to the workers, or to examine witnesses of the locality in support of the charges, the company should not have ignored the request of the union not to hold the enquiry at the thana. The union persistently protested against the enquiry being held at the thana, though not exactly on the ground that they were apprehending that with the help of the officers of the thana, the company would be able to get from the local witnesses statements supporting its case against the accused two workers, but the protests were not headed to. Certainly thana is not an ideal place for holding a departmental enquiry and the reason the company has given for holding the enquiry does not seem to me at all convincing. One of the reasons given was that D.C., South, was not willing to spare S. I. Bhowmick to give evidence at the company's factory or office at Calcutta, but as even S. I. Bhowmick has not substantiated the reason, it must be held that this reason given by Shri De for holding the enquiry at the thana had no basis. Another reason was alleged unwillingness of the local witnesses to the factory or office on ground of distance, but this objection of the local witnesses to go to the factory or to the office could have easily been removed by the company by providing transport for their going to the factory or to the office, but as evidence has come, it can easily be said that the company had not made to these witnesses any offer of providing transport. In these circumstances, this reason also cannot be upheld. It must, therefore, be held that the company had no valid justification to hold the equiry at Karaya P.S., for S. I. Bhowmick and the local witnesses. I have perused the entire evidence on record and I am satisfied that the enquiry was held at the thana not for of unwillingness of the local witnesses to depose elsewhere but with the ulterior motive of getting from the local witnesses statement to the company's choice, with the help of the thana officer viz., S. I. Bhowmick. S. I. Bhowmick's supplying to Shri De copies of statements of two drivers and also other informations gathered by him in course of his investigation on the material night and the presence of a Police Officer of the thana on both the sittings at the thana, sufficiently indicate that for reasons known to the thana officers, they were very much interested in the company's enquiry against the two workers. If in these circumstances, the workers suggested that the company had held the thana sittings for S. I. Bhowmick and other local witnesses, with the ulterior motive for getting from the witnesses statements favourable to it, it cannot be said that the suggestion was without any basis. If really these local witnesses were not willing to depose at the eqnuiry if not held at a place near the locality, for them at least the company could have arranged the sittings in the house of Shri A. K. Roy at Ekdalia Place and I do not think that if the company had really requested him for such a sitting at his residence Shri Roy would have refused. Be that as it may on the evidence it must be held that in the face of the union's opposition, the company was not justified to hold the enquiry at the thana. It is a cardinal principle of law that not only justice must be done, but parties must feel that justice is being done. But this cardinal principle was disobeyed by the enquiry officer when notwithstanding the protest of the union, he held the enquiry at the thana. With full notice from the union that the workers would not attend

the enquiry if held at the thana, the enquiry officer had held the sittings at the thana and this, in my opinion, has offended the principles of natural justice. The witnesses examined at the thana were very material witnesses in support of the charges that the two workers had taken the vehicle to the garage, that the vehicle had caught fire there, and the two workers had not taken any steps to save the vehicle. Sufficient opportunities to cross-examine these witnesses should, therefore, have been given to the workers but they were denied the opportunity by the enquiry officer's insistence on examining these witnesses at the thana and ultimately examining them there. For this reason also the enquiry has offended the principles of nautral justice.

From the discussions made above it can be concluded that the enquiry has vitiated the principles of natural justice because:

(1) The workers were examined before the company's witnesses.

(2) They were not given any opportunity for making their statements after the close of the company's evidence.

(3) Company was allowed to examine witness to rebut the evidence led by the two workers in support of their plea of innocence.

(4) They were denied the opportunity to cross-examine material witnesses on behalf of the company.

Dismissal of the two workers on the findings of the Enquiry Officer, cannot, therefore, be upheld.

Next I will have to consider whether the evidence led by the company before this Tribunal sufficiently established the charges against the two workers. I have already stated the charges against the two workers and for convenience Charge No. 4 against Shri Sircar and Charge No. 4 against Shri Mukherjee are taken up together for consideration. These charges were based on the allegations that Shri Sarkar had without the prior permission or the authority, allowed Shri Mukherji to travel in the ill-fated jeep and was also taking him in the vehicle to his sister's residence at Linton Street. The workers did not dispute that on the material date Shri Mukherji had travelled in the vehicle from the factory to the residence of Shri A. K. Roy at Ekdalia Place and from there Shri Sarkar was taking the vehicle to Linton Street via Gariahat Road, Bondel Road and Broad Street to drop Shri Mukherji at his sister's residence at Linton Street, but they contended that by these acts they had not committed any misconduct. It was argued on behalf of the company that as drivers were always to use the shortest route and as the route from Ekdalia Place to the factory via Gariahat Road, Bondel Road, Broad Street was longer than the route via Gariahat Road, Amir Ali Avenue, Surwardhy Avenue, the two drivers had, by their using the route via Gariahat Road, Bondel Road, Broad Street, on the return-journey from Ekdalia Place without the prior permission of the authority, committed act of misconduct. No direct evidence to prove that the route suggested by the company is shorter than the route used by the two drivers on the return journey from Shri Roy's house at the Ekdalia Place was, however, adduced on behalf of the Company. At the request of the Company, I travelled in Company's own vehicle from the crossing of Linton Street to the crossing of Bondel Road and Gariahat Road, by both the two routes but I found that practically the same time was taken to cover each of the two routes. This will appear from my memorandum of inspection report, on record. In this view of the matter and on the evidence on record, it is not possible for me to uphold the Company's contention that by using the route via Bondel Road, Broad Street instead of the route via Amir Ali Avenue, Surwardhy Avenue, the drivers have violated the rule that for going to a place in Company's vehicles they must always use the shorter route. It is admitted by Shri Sarkar that generally he used the route via Surwardhy Avenue and Amir Ali Avenue for going to Ekdalia Place at the factory but as the inspection by me indicated that both the routes were almost of the same distance, this admission of Shri Sarkar cannot establish that the route actually taken by him while going from Shri Roy's house on the mterial night, compared to the usual route, is a longer route. It was next argued on behalf of the Company's behalf that even if the two routes were practicaly of the same distance, still Shri Sarkar has, by his taking Shri Mukherje in the vehicle of the Company without the permission or the authority and the latter, by his travelling in the same vehicle, have committed misconducts. This argument on behalf of the Company again cannot be upheld. It is true no doubt, that the ill-fated vehicle was meant for journeys by the officers to and from the factory and that in the company there is no rule permitting the off-duty drivers to travel in such a transport. But as it is quite apparent from the evidence of D. W. 3 Shri Amal Kumar Roy and the evidence of Shri A. K. Biswas the enquiring officer that user of such vehicle exclusively meant for staff-officers, by off-duty drivers for going from the factory, without the prior permission or authority, was not an uncommon thing in the company, Shri Sarkar's allowing Shri Mukherji to travel in the vehicle or the latter's actually travelling in the vehicle was not in my opinion, an offence according to the company's rule. In course of the cross-examination before this Tribunal, Shri Roy has said that if space is available, irregular passengers are also carried in staff wagons. He also stated that in the wagon there are seats for 7 passengers except the driver. This statement he immediately corrected by saying that there are seats for 7 pasengers including the driver. It is not disputed that in the afternoon on the material date Shri Sarkar had driven the ill-fated vehicle from the factory with six officers and the off-duty driver Shri Mukherji besides himself as its occupants. As there is no evidence indicating that any of these officers in the vehicle had complained of want of space, it can easily be said that Shri Mukherji's presence in the vehicle had not inconvenienced any of these officers and this fact proves that in the vehicle there was sufficient space

for 7 passengers including Shri Mukherji. When therefore, according to Shri Roy's evidence, travelling of irregular passengers in staff cars, space permitting was not uncommon in the factory, it must be said that neither Shri Sarkar nor Shri Mukherjee has committed any misconduct as a result of by Shri Mukherjee's travelling in the staff wagon on the material date. Even if Shri Sarkar had committed any misconduct by allowing Shri Mukherjee to travel in the vehicle, the misconduct was too trivial for dismissal. But in no case, it can be said that Shri Mukherjee has committed any misconduct by travelling in the vehicle. The moment the wagon was given to Shri Sarkar in the afternoon on the material date, he was in sole charge thereof and if any irregular passenger had been allowed by him travelled therein, he has done so at his own risk for which he can alone be penalised but not the passenger. Had the Company any rule prohibiting any off-duty driver from travelling in staff wagon and had there been not the admission of Shri Roy that irregular passengers are also carried in staff wagons if space is available, the Company could have argued that by travelling in the vehicle, Shri Mukherjee had committed a misconduct. But as already indicated above, no existence of any such rule has been proved and the conclusion therefore is none of the drivers has committed any act of misconduct for the facts stated in Charge No. 4 of Shri Sarkar's charge-sheet and Charge No. 1 of Shri Mukherjee's charge-sheet.

Next I take up the charges 1, 2 and 3 in the charge-sheet of Shri Sarkar and charges 2 and 3 against Shri Mukherjee. The sum and substance of these charges was that after dropping that A. K. Roy at Ekdalia Place the two drivers had taken the vehicle to an automobile garage at 33 Broad Street and detained the vehicle there without any authority or justification and that from the abovementioned garage the vehicle had merely covered a distance of about 20/25 yards where it was found in a completely damaged condition by fire without their being able to detect the cause, source or even the spread of fire which indicates gross negligence in the discharge of duty and absolute carelessness towards the safety and security of Company's vehicle. Charge No. 3 against Shri Sarkar also contained the further allegation that he had deliberately suppressed the facts in his report, Ext. A (1) submitted by him to the Transport-in-charge, Indian Aluminium Company Limited, Belur, Howrah, some hours after the incident. Charge No. 3 against Shri Sarkar however, does not indicate of the facts he had actually suppressed. This portion of the charge No. 3 against Shri Sarkar so far as it relates to the suppression of facts, was extremely vague and irrelevant and for this reason alone, this charge of suppression shall fail. Regarding the other charges now under consideration, my comsidered opinion based on the evidence on record and circumstances of the case, is that excepting the charge of negligence of duty as contained in charge No. 3 against Shri Sarkar none of the other charges can be sustained. To prove that the two delinquents had taken the car to the garage at 33 Broad Street and that it had caught fire while in the automobile garage, the Company has examined 2 witnesses viz., D. W. 5 Md. Ishaque of 29A Palm Avenue and D. W. 6 Sheikh Ali Hossain of 64 Broad Street, but their evidences have not convinced me the least.

In his evidence before me D. W. 5 Md. Ishaque has said that at about 8-30 or 9 p.m. in the night of 23rd January 1963, when he and his friends were reading in a library in the ground floor portion of the building at 64 Broad Street which is opposite to the garage at 33 Broad Street, they saw fire inside the garage and outside the garage they have seen fire in the car. He also said that the driver of the motor backed out of the garage, turned left and proceeded towards Rifle Road and stopped near the Khatal at 68 Rifle Road. He also stated that he was definite that the car was inside the garage when it had caught fire. D. W. 6 Sheikh Ali Hossain of 64 Broad Street has said "Just opposite to 64 Broad Street and on the other side of the road, there is a garage at 33 Broad Street. At that time in the front side of 64 Broad Street we had a Cultural Society. In January 1963 when we were at Cultural Society we saw a blazing car backing out of the garage. As it was backed out towards our Cultural Society, I asked the driver to remove the car. The driver started the vehicle and then proceeded towards Rifle Road. He stopped after going a certain distance. By that time the fire had spread." It would appear from the two evidences of D. W. 5 and D. W. 6 that both of them were at 64 Broad Street when the car was alleged to have caught fire inside the garage at 33 Broad Street. But D.W. 6, Sheikh Ali Hossain's evidence that he had asked the driver to remove the car as he had backed the car out of the garage, was not supported by the evidence of D.W. 5 Md. Ishaque. If the two witnesses had spoken the truth, the two drivers have driven the blazing car some distance before actually stopping it, but no man of ordinary prudence can believe such a case. It is inconceivable that the driver of any car, suddenly catching fire, will not stop the car and try to extinguish the fire but will instead, drive it at the risk of his own life. A car on fire if driven will only intensify the fire, thus exposing the driver to the great risk of his own life by sudden explosion as a result of the petrol catching fire or otherwise. In the circumstances, to accept the company's case I will have to conclude that the two drivers had driven the blazing car up to the Khatal at 68 Rifle Road as stated by the two D. Ws. above referred, quite oblivious of the fact that any moment there could be any explosion in the car killing them outright. But no such conclusion can be drawn from the facts and circumstances of the case. Only fools can such recklessly drive a car but on materials on record it can easily be said that none of the two drivers was such a fool. Shortly after the incident, Shri Sarkar submitted a report to his superior explaining the fire in the car. The report was self-exculpatory and the driver who can give such a report can hardly

be a fool. Accordingly though the above two D. Ws. were positive that they had seen the car catching fire inside the garage and then proceeding towards the Rifle Road, I cannot, on their evidence, hold that the two delinquents had actually taken the car to the garage and that whilst still in the garage, the car had caught fire and that thereafter it was taken out of the garage and driven towards Rifle Road. Both these witnesses were examined by S. I., Bhowmick of Karaya P. S. shortly after the fire and it will appear from the evidence of D. W. 6 Sheikh Ali Hossain before this Tribunal that at their behest, the company had held a part of the enquiry at the thana. In course of his evidence before this Tribunal Sk. Ali Hossain said that about 3 or 4 months after the incident an officer of the company had come and interrogated him regarding the fire and asked him whether he would attend the enquiry and make statements regarding the fire if enquiry was held at Belur or at company's Headquarter and he had replied that they would not be able to go as the same was at a distance from their place but if the enquiry was held at Karaya P. S., they would certainly go and give statements. As evidence has been led by the company in the instant case, it can easily be said that at the time D.W. 6 had suggested Karaya P.S. to the company's officer as the venue for their evidence in the departmental enquiry, the company had no idea of examining the local witnesses at the thana or had not by then approached the Deputy Commissioner, South, or Officer-in-Charge, Karaya P.S. for some accommodation in the thana for holding the enquiry. This idea to hold the enquiry for the local witnesses originated with D. W. 6 but the reason given for holding the enquiry there was neither cogent nor sufficient. If the distance alone was their only objection for going to the company's office or factory to give evidence at the enquiry, the objection could have been easily removed by providing transport; but no offer of transport came from the company nor did the witnesses themselves also asked for it. They suggested for enquiry at the thana and the company readily accepted the suggestion without considering whether enquiry in the thana would be to the prejudice of the workers. This fascination of these witnesses for the thana, as the place of the enquiry for their evidence, was I should say, an unsual fascination and tends to indicate that even before the enquiry at the thana they had some understanding with the thana official viz., S.I., Bhowmick regarding company's allegations against the drivers, and I have not the slightest hesitation to conclude that these witnesses have been influenced by S.I., Bhowmick of Karaya P.S., to make here statements against the two drivers knowing fully well that the statements have no basis. In support of this observation I may refer to the unusual interest taken by the Police in the enquiry as is evident from their sparing of a room in Karaya P.S. for the enquiry and Shri Bhowmick's supplying the statements made to him by the two workers and the local residents during his enquiry and also to the local witnesses' insistence for holding the enquiry for their evidence at the thana. I therefore conclude that on the evidence of D.W. 5 and D.W. 6 it cannot be held that on the material date the drivers had taken the car to the garage at 33 Broad Street and that there the car caught fire. On the evidence on record, it is also impossible to say how the car had caught fire. On 25th January 1963, Shri R. N. Thakur, company's charge-man (automobile) examined the car at Karaya P.S. and he has in his report, Ext. B(1), said that it was very difficult to ascertain the actual cause of fire. Both the drivers had been charged for their failure to detect the case or source of fire as also to check the spread of the fire. It the car had really caught fire, whilst in the garage, the proprietor or the employees of the garage then present there, would have been the best witnesses to establish this fact as also to prove how the car had caught fire inside the garage. But none of them was examined as witnesses for the company though several of them was company's witnesses at the enquiry. This non-production of important witnesses like the proprietor or the employees of the garage to prove the charge and company's preference for D.W. 5 and D.W. 6 as witnesses for the charge, though none present at the garage, only raises the presumption that the company had not produced the proprietor or the employees as witnesses as it knew that it produced none of them would have said that the car had caught fire inside the garage. If the company could examine these persons at its enquiry, there was no reason for its not producing any of them here and I hold that non-production of any of them as witness in support of the charge of fire inside the garage only indicates the frivolity of the charge that the drivers had taken the car to the garage and there it had caught fire. Be that as it may, when the best witnesses to prove that on the material night the two drivers have taken the car to the garage at 33 Broad Street and that whilst there it had caught fire, had not been produced, only on the evidence of stray witnesses like D.W. 5 and D.W. 6 who have already found unworthy of credit, this allegation of the company against the two workers cannot be upheld. It must accordingly be held that the company has failed to establish that in the night of 24th January 1963 the two drivers had taken the car to the garage at 33 Broad Street, and had that there the car caught fire. As a corollary to these findings it must further be held that the car had caught fire under the circumstances mentioned by the two drivers in their evidence before this Tribunal. On this point the drivers' evidence was that when they were proceeding along Broad Street, they had heard some public shouting "Ug Laga Hai, Ug Laga Hai", and that immediately they had stopped the car and tried to stop the fire with the rubbishes, dusts, etc., collected from the road. They also stated that public had helped them to extinguish the fire but the fire could not be extinguished and shortly after the Fire Brigade men had come and extinguished the same. That fire was ultimately extinguished by the Fire Brigade men was not disputed by the company but it challenged the workers contention that they could know of the fire only after public had shouted "Ug Laga Hai, Ug Laga Hai" and had immediately thereafter tried to extinguish the fire, but as no reliable material disprove this case of the worker, is available from the evidence on record it is not possible for me to over-rule the workers' contention

that the vehicle had caught fire when proceeding along Broad Street and that they were aware of the same only after the public had shouted. To disprove this case of the two workers, company has no doubt examined D.Ws. 5 and 6, but it has already been indicated above that their evidence was far from reliable. It must accordingly be held that in support of its allegation that the drivers had failed to detect the cause or source of fire or to stop the spread of fire and that their failure to detect or check the fire had amounted to gross negligence on their part, the company has no reliable evidence. Charge Nos. 1 and 2 and Charge Nos. 2 and 3 respectively against Shri Sarkar and Shri Mukherjee must accordingly fail.

Though I cannot on the evidence before me uphold charge No. 2 against Shri Sarkar, I must say that Shri Sarkar must be found guilty of the first part of charge No. 3 which reads thus:

"You indulged in gross negligence of duty by not taking proper action and adequate precaution against the damage of the company's vehicle.

That at the material time the car was in the sole charge of Shri Sarkar as a driver of the company, was not disputed. As driver in charge of the vehicle it was his duty to take such care and steps to save it from complete destruction by fire as a reasonable man with ordinary prudence would have taken under similar circumstances. Both the drivers have no doubt said that immediately they had heard public shouting "Ug Laga Hai, Ug Laga Hai," they had got down from the car and tried to extinguish the fire by throwing rubbishes, dusts, etc., from the street. Though I do not find any material to disbelieve this evidence of the two drivers, still it must be said that the steps taken by them to extinguish the fire, was not a sufficient step. Any reasonable driver would have under similar circumstances, rung up the Fire Brigade for help to extinguish the fire but Shri Sarkar did nothing of the sort. Shri Kanak Mukherji has no doubt said that from a nearby house he had rung up the Fire Brigade, but this in the absence of corroboration from the other evidence on record, this evidence of Shri Mukherji cannot be accepted by me. Fire Brigade has no doubt come but as evidence has come, it can easily be said that the Fire Brigade Officer had come not on phone from Shri Mukherji but from some other gentleman. Even if Shri Mukherji had rung up the Fire Brigade that could not have been any excuse for Shri Sarkar's himself not ringing up the Fire Brigade as it was quite apparent from Shri Mukherji's evidence that Shri Sarkar himself did not know that Shri Mukherji had rung up the Fire Brigade men. This omission on the part of Shri Sarkar to ring up the Fire Brigade men, amounted in my opinion, to gross negligence of duty on his part. He was guilty of further gross negligence inasmuch as immediately after the arrival of the Fire Brigade men on the spot he had left without taking any steps for protection of the car after fire had been extinguished. In his evidence before this Tribunal Shri Sarkar has no doubt said that the wireless van Police Officer who had come there and took his residential address and office phone number and that after the fire had been extinguished he had asked the Fire Brigade Officer and the Police whether his further presence there was necessary and they had replied in the negative and said that he could go away leaving the car there as the charge of the same had already been taken by the Police, but all these statements of Shri Sarkar have not only been not corroborated by the evidence of any independent evidence but have also been falsified by the evidence of S.I. Bhowmick of Karaya P.S., and Shri D. K. Ghosh (D.W. 4), before this Tribunal. Shri D. K. Ghosh's name also transpired during the enquiry but he could not be examined as a witness for the company as he was on leave. In course of his evidence before this Tribunal, Shri Ghosh has said that on receipt of information of fire at Broad Street at 8-52 p.m. in the night on 24th January 1963, he had proceeded to the spot with fire engine and found a station wagon burning and took all necessary steps to extinguish the fire and searched for the driver but could not get him. In cross-examination he said that that night he had no talk with the driver or any officer of the company. Though not cross-examined as a witness for the company at the enquiry, still he was produced here because Sarkar's defence in the enquiry was that with his permission he had left the place and that he had also taken his name and the address and phone number of his office. As there is no reason to doubt the veracity of Shri Ghosh's evidence before me, it must be held that his evidence conclusively establishes the falsity of Shri Sarkar's case that he had left the place with his and the Police Officer's permission and that the Police had told him that there was no further any necessity for his staying there as the car had already been taken in charge of by the Police. Similar conclusion follows from the evidence of S.I. Bhowmick. It is thus established that immediately after the arrival of the Fire Brigade Officer and the Police, Shri Sarkar and also Shri Mukherji had left the place without taking any steps for the protection of the car after fire had been extinguished. This act on the part of Shri Sarkar constituted gross negligence sufficient for his dismissal. The car was given to his charge in the afternoon of the day of the incident and from then till his making over charge of the same to some other driver or other person authorised in this behalf by the company, he was responsible for the safety and protection of the car. So long the car was in charge, his duty was to see that it suffers no loss or damage for any act of omission or commission on his part and any deviation from this duty was certainly a gross misconduct. As a driver of the car it was his duty to wait at the spot till fire was extinguished, and to arrange for its removal after the fire was extinguished. He should have also informed his authority the incident over phone immediately after the car had caught fire, and I am of opinion that he is not informing the authority as also leaving the place immediately after the Fire Brigade Officers had come, leaving the car to its fate constituted gross negligence of duty on his part as a driver. A driver with ornidary prudence would have under similar circumstances waited at the place till fire was extinguished and would have also arranged for its safety after the extinction of the fire and it can, therefore, be said that on the material night Shri Sarkar has not shown this minimum standard of care expected of a driver in charge of a car. The duty to take care of the car was with him and his acts of omission and commission already referred

to, not only proved his regard for this duty but also proved gross negligence of his duties as a driver of the company's car. As such gross negligence can easily entail dismissal, I hold that the company was perfectly justified to dismiss him on the first portion of Charge No. 3 if not on any other charges. Regarding the second part of this charge. I have already commented that this charge was extremely vague and cannot, therefore, be sustained.

The 6th charge of Shri Sarkar was that he had taken Rs. 2 from Shri A. K. Roy for purchasing engine oil but he did not purchase the same thereby running the risk of damaging the engine of the vehicle. It has already been held that Shri A. K. Roy was the last officer to be dropped by Shri Sarkar that night and it is not disputed that while dropping Shri Roy he had taken from him Rs. 2 for purchase of engine oil. In his evidence before this Tribunal Shri Sarkar stated that after leaving the Ekdalia Place he had purchased engine oil from a garage at Gariahat Road. Corroboration to this statement of Shri Sarkar is available from the evidence of Shri Mukherji but no evidence contradicting this case of Shri Sarkar was adduced by the company. It is not therefore possible for me to find him guilty of this charge.

It follows from the discussions made above that excepting the first portion of charge No. 3, none of the other charges against Shri Sarkar has been established by the evidence led by the company before this Tribunal. The first portion of charge No. 3 was, however, in the opinion of this Tribunal, sufficient for dismissal of Shri Sarkar. It must accordingly be held that the dismissal of Shri Sarkar was justified and legal. It was no doubt argued on behalf of Shri Sarkar that when there were several charges against Shri Sarkar and most of them have failed, this Tribunal should not uphold his dismissal, but this argument on behalf of Shri Sarkar, I cannot uphold when I am satisfied beyond all doubts that on the material night Shri Sarkar was guilty of gross negligence of duty, for not taking adequate precaution against the damage of company's vehicle after it had caught fire.

Against Shri Mukherji there are as many as three charges. In view of the discussions already made, it must be held that none of these charges has been substantiated. He was in the car with the permission of Shri Sarkar and the duty to take care of the car was with Shri Sarkar. If, therefore, he had left the place after the arrival of the Fire Brigade or the Police Officer without arranging for the safety of the car, he has therefore committed any offence sufficient for his dismissal. His dismissal on the charges brought against him, was in these circumstances unjustified and illegal. But though I am satisfied that the company was not justified to dismiss him for the reasons stated in the charge-sheet issued to him, I cannot ask the company to reinstate him and I hold that proper justice would be done to him and if the Company instead of reinstatement he is given compensation in accordance with law. He was in the car when fire was detected and it is proved by the evidence on record that he also had not informed the Fire Brigade or the management about the fire on the car. He has no doubt said that he had run up the Fire Brigade from a nearby house. This statement lacks corroboration and cannot be accepted. As a driver of the company and an occupant of the car, it was his moral duty to wait till fire was extinguished, and to arrange for the safe custody of the car after the extinction of the fire, and it is quite obvious that he has not even this sense of moral duty and obligation. I hold that by leaving the place without waiting to see the fate of the car he had forfeited the confidence of the management. After the incident of that material night the company cannot confidently any more entrust him with its car but if he is allowed to continue in service it will have to do so, though quite unwillingly. An order for his reinstatement will thus practically amount to thrusting on the company a driver in whom it has lost all its confidence due to his own conduct on the night of the incident, but such a contingency should not be allowed by this Tribunal to happen. Accordingly, I am of opinion that not reinstatement but compensation shall be the proper order in the case of Shri Mukherji. He was not suspended on the charge-sheet but was kept in employment till dismissal. In other words, up to his dismissal he has received his full emoluments from the company and this fact must be taken into consideration in deciding the quantum of compensation in his case. In deciding the amount of compensation his present employment in Indian Oil Company at a rate of pay lesser than what he was getting in the company must also be taken into consideration.

Considering all these facts and circumstances I hold that company should pay him compensation at the rate of one month's pay for each year of completed service under it plus one month's pay in lieu of notice.

In view of the findings and discussions above made, an award dismissing the union's prayer for declaration that the dismissal of Shri Sarkar was unjustified and illegal, and directing the company to pay Shri Mukherji compensation at the rate of one month's pay for each year of his completed service under it plus one month's pay in lieu of notice, is passed.

The award so far it relates to Shri Mukherji is to be implemented within a month from the date of publication in the "Calcutta Gazette".

This is my award.

Issue

Whether termination of employment of Shri Sarju Mandal is justified ? To what relief, if any, is he entitled ?

In this case admittedly the employer has not been quite correctly described in the order of reference because after the words "Bithal Das Vimji Chandrana" the words "and Company" have been omitted presumably due to some accidental mistake. The correct name of the employer is Bithal Das Vimji Chandrana

and Company. In short, the case of the union is that Sarju Mandal had been working as a driver of the company for more than nine years. He was an active member of the union doing organisational work. The company did not like Sarju Mondal being an active member of the union and very often threatened him to dismiss him from service if he continued as a member of the union. Sarju Mondal had to do overtime duty and for that duty he wanted overtime allowance. The company was also annoyed at the demand of such allowance. Consqeuently, without assigning any reason Sarju Mondal was dismised from service on 10th April 1966 by the company by way of victimisation without holding any enquiry against him. The company in its written statement has denied the material allegations made by the Union. It has been alleged by the company that Sarju Mondal started work in the company from 8th March 1960 and left his job from 4th of January 1966 after taking all his dues. It has been further stated by the company that it was not aware of any union activities of Sarju. The story of overtime payment made by Sarju Mandal has also been denied. The Company's further story is that there has been no dispute between the company and its workmen.

Certain documents have been proved on the side of the company. On the side of the union, only Sarju Mondal has been examined as witness whereas the company has examined two witnesses on its side.

The main question in this case is whether Sarju Mandal has been dismissed by the company or he has left his service voluntarily. The evidence of Sarju Mandal, P. W. 1, is that in April 1966 he came from his village home where he had gone previously on leave and wanted to join his duty but the management told him not to work and wait for a day. His further evidence is that Ambu Babu of the company told him that he would not be allowed any remuneration for any overtime work, and that if he was willing, he could join his work. Thereafter Sarju Mondal, as he says, saw the Secretary of the Union who asked him to find out another job. Sarju Mondal wants to say that the company did not allow him to work since then. He has been thoroughly cross-examined. From his evidence we get that there are four workmen in the company excluding him. His categorical statement is that he came from his village to Calcutta on 1st April 1966. Previous to this he, however, went to his village on leave on the 14th or 15th March 1966. At the same time he has stated that getting a letter from the company to come back, he returned to Calcutta. The witness cannot, however, produce the letter as he had torn out the same. He does not also remember if he went home on 3rd January 1966. He has denied the suggestion that he gave up his service. At first he stated that when he went home for the last time, he took Rs.130 and not Rs.143 in all, and gave this thumb impression on the stamped receipt. Subsequently, however, he has admitted that when he left for the village home, not a paise was left with the company as his dues but he took all his dues. There is no other witness to corroborate P. W. 1. On the side of the company the Accountant of the Shop, O. P. W. 1, Isarlal Jaichand Saha, has been examined. He has proved the receipt, Ext. A, which was granted by Sarju Mondal on receipt of all his dues at the time of going home on the 3rd January 1966. This receipt has not been denied from the side of the union. O. P. W.1 has stated that on 3rd January 1966 Sarju Mondal gave out that he would not work under the company and on that day he left the service. The positive evidence of O. P. W. 1 is that Sarju Mondal left the service of the company voluntarily taking his dues up to 3rd January 1966. This is supported by Ext. A. He has denied the allegation that the company called Sarju Mandal to work after he had left the service. The witness has further denied that Sarju Mondal ever approached the company for service again. He has also denied the allegations made by Sarju on the question of demand of wages for overtime work. The khata of the company shows that Sarju Mandal was first appointed in March 1960. O. P. W. 2 is a clerk of the company. He has also supported O. P. W. 1. His evidence is that in January 1966 Sarju Mondal went home. He said at that time that he was going home and would not be coming back to do work. On considering the evidence of witnesses and circumstances, I hold that the story set up by the union that Sarju Mandal had been dismissed by the company is not true. In fact, Sarju Mandal voluntarily left the service of the company on 3rd January 1966 after taking all his dues. I also find that the story of victimisation or malice on the part of the company is not correct. The evidence of Sarju Mondal is unreliable and uncorroborated. The present case appears to be a speculative one. As Sarju Mandal has given up his service voluntarily, he can get no relief.

In the order of reference it has been stated that it is a dispute between the company and its workmen. There is no evidence on the side of the union that there was ever any dispute between the company and any other workman. The company deals in biri leaves and the union described as representing the workmen of the company is an organisation of motor drivers. There is no evidence also that except Sarju Mandal any other workman of the company was a member of the union. I find no evidence to prove that the union had any authority to represent the workmen of the company in the present reference.

In view of my findings above, I decide the issue against Sarju Mandal and I find that he is entitled to no relief in this case.

AWARD

By order No. 1464-I.R./IR/4L-20/66.—18th April 1966.—The Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial disputes between Messrs. N.K.Mukherji and N.C. Mukherji, 251-A-41 Netaji Subhas Road, Calcutta-47, and their workmen represented by Barrackpore Bus Employees' Union, B.T.Road, Khardah, 24-Parganas, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether termination of service of Shri Dipen Kumar Mitra is justified? What relief, if any, is he entitled to ?

On receipt of the order of reference usual notices were issued to the parties fixing 25th May 1966 for their appearance as also for the filing of the written statement by the Union. Notices were duly served and the Union appeared and filed its written statement. In the written statement filed on behalf of the Union it has been stated that the concerned worker Shri Dipen Kumar Mitra was under the employment of Shri N.K.Mukherji and Shri N.C. Mukherji, as a cleaner in their Bus No.WBR 1041 in route No. 85 from Barrackpore to Kanchrapara but was summarily dismissed from service by the proprietors of the Bus on 10th May 1965. Over the dismissal the Union raised an industrial dispute and the case was referred to this Tribunal for adjudication of the issue set forth above.

Though notices of the reference case were duly served on the Mukherjis, none of them appeared to justify the dismissal of the concerned worker. Accordingly the case was taken up for hearing on 4th April 1967. On that date the Union examined the concerned worker Shri Dipen Kumar Mitra and in his evidence before this Tribunal, he has said that he was a cleaner in Bus No. WBR 1041 belonging to the Mukherjis, for about three years and that on 10th May 1965, his employers had verbally terminated his service without assigning any reason whatsoever. This evidence of Shri Mitra, which I find no reason to disbelieve, conclusively establishes that the owners of the Bus have dismissed him from service without any charge and without even giving him any hearing. Dismissal of Shri Mitra was in the circumstances, quite illegal and unjustified. He is accordingly entitled to reinstatement with all wages and other allowances, if any, since his dismissal.

In view of the findings aforesaid, an award directing Messrs. N.K.Mukherji and N.C. Mukherji to reinstate the concerned worker Shri Dipen Kumar Mitra with all wages and other allowances, if any, during the period of his forced unemployment is passed.

This is my award.

3. If any measure which the Health Officer or a Sanitary Inspector has by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Amendments

In the said Order,—

(1) in clause (g) of paragraph 2, *for* the figure and word "19 quintals" *substitute* the figure and word "9.5 quintals",

Explanation.—For the purposes of this sub-paragraph,—

(i) "dealer" means a person engaged in any business or undertaking involving sale, purchase for sale or storage for sale of rice or paddy, either on his own behalf or on behalf of any other person, but does not include the owner of a rice mill within the meaning of clauses (g) and (i) of section 3 of the Rice-Milling Industry (Regulation) Act, 1958 (21 of 1958), duly licensed under the provisions of that Act, or a person who has entered into an agreement with the State Government or with the Food Corporation of India established under the Food Corporations Act, 1964 (37 of 1964), for purchase, sale, distribution or storage of rice or paddy on behalf of the State Government or the said Food Corporation of India, as the case may be.

(7) The authorised officer may, after making such enquiry as he deems necessary and for reasons to be recorded in writing, vary or amend the terms of a licence or a storage permit.

(8) A contravention of any condition of a licence or storage permit granted under this order shall be deemed to be a contravention of this order.

(9) If the holder of a licence or storage permit granted under this order contravenes any of the provisions of this order or has contravened any other law for the time being in force, relating to foodstuffs, including edible oils and oil-seeds, then notwithstanding anything contained in sub-paragraph (2) or sub-paragraph (3), and without prejudice to any other action that may be lawfully taken against him, the authorised officer may, by order, suspend the licence or storage permit and, after giving the holder of the licence or storage permit an opportunity of stating his case in writing, cancel the licence or permit.

(10) Notwithstanding anything contained in sub-paragraph (9), where the holder of a licence or a storage permit granted under this Order has been convicted by a court of law in respect of a contravention of any order made under section 3 of the Essential Commodities Act, 1955 (10 of 1955), relating to foodstuffs, including edible oils and oil-seeds, the authorised officer may, forthwith or as soon as possible thereafter, by order, cancel his licence or storage permit, as the case may be:

Provided that where such conviction is set aside on appeal or revision the authorised officer may re-issue the licence or storage permit to the person whose licence or storage permit has been cancelled on an application being made to him in the appropriate form.

(11) On cancellation or suspension of a licence or storage permit under sub-paragraph (9) or sub-paragraph (10) or in the event of a licence ceasing to be valid, the holder of the licence or storage permit shall surrender the same to the authorised officer within 7 days from the date of effect of such cancellation, suspension or cessor of validity.

(12) Any person aggrieved by an order of the authorised officer refusing to re-issue or renew a licence or to grant a storage permit or varying or amending a licence or storage permit or cancelling or suspending a licence or storage permit under the provisions of this paragraph may prefer an appeal to the Director of District Distribution, Procurement and Supply in the Department of Food and Supplies (hereinafter for the sake of brevity called the Director) within 30 days of the receipt by him of such order. On receipt of an appeal the Director shall, after giving the appellant a reasonable opportunity of being heard, dispose of the appeal as expeditiously as possible and may direct that the order of the authorised officer appealed against shall not take effect pending the disposal of the appeal.

(13) Every holder of a licence or storage permit, shall maintain correct and true accounts to be written up, at the end of each day, showing,—

(e) such other particulars as the authorised officer may, by order, in writing, specify.";

(3) *after* paragraph 5, *add* the following paragraphs, namely:—

"6. **Provisions of the order to be in addition to provisions of West Bengal Act XXIV of 1958, etc.**—The provisions of this Order are in addition to and not in deregation of the provisions of the West Bengal Anti-profiteering Act, 1958 (West Bengal Act XXIV of 1958), and the West Bengal Rice Mills Control Order, 1967.

Government of West Bengal, in the Labour Department, by its order No. 1185-I.R./IR/9L-12/63, dated Calcutta, the 21st March 1963, referred an industrial dispute between Messrs. Atal Tea Company (1943) Limited, and their workmen employed in the Atal Tea Estate and represented by the Terai Cha Bagan Karmi Sangha to this Tribunal for adjudication on the following issue :

Issue

Is the dismissal of Shri S. C. Dam, Compounder, justified? What relief, if any, is he entitled to?

After service of notice on the parties both parties entered appearance and filed separate written statements. The Union in their written statement challenged the dismissal of the concerned workman as illegal, ultra-vires and in violation of the principles of natural justice and prayed for setting aside the order of dismissal whilist the Company denied these allegations and contended that the order of dismissal was fair and proper and there is no reason why it should be disturbed.

The matter was thereafter set down for hearing and both parties filed a petition of compromise, inter alia, stating that the present adjudication be settled on payment of an ex-gratia amount of Rs. 1,000 (Rupees one thousand only) by the company in full and final settlement of all claims including claims of reinstatement. The petition of compromise was signed by Shri S. K. Banerjee on behalf of the company and by Shri Apurba Sen Gupta, on behalf of Terai Cha Bagan Karmi Sangha. The terms of compromise appear to be fair and reasonable and there is no reason why it should not be accepted, the Tribunal therefore accepts the petition of compromise and pass an award in terms thereof. The petition of compromise do form part of the award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Shalimar Chemical Works (P) Ltd., P.O. Narendrapur, district 24-Parganas and their workmen represented by the Shalimar Chemical Works Shramik Congress, 6 S.N. Chatterjee Road, Calcutta-34. (Case No. VIII-249/65.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

By order No. 4065-I.R./IR/11L-213/65, dated Calcutta, the 16th September 1965, Government of West Bengal, in the Labour Department, referred an industrial dispute between Messrs. Shalimar Chemical Works (P) Ltd., and their workmen represented by the Shalimar Chemical Works Shramik Congress to this Tribunal for adjudication on the following issues :—

Issues :

1. Grades and scales of pay.
2. Wages.
3. Dearness Allowance.
4. Holidays.
5. Whether the refusal of employment to Shri Anil Baran Manna is justified ? To what relief, if any, is he entitled ?
6. Whether the dismissal of (i) Shri Gopi Ram, and (ii) Shri Gopal Ch. Dey is justified? To what relief, if any, are they entitled ?

On receipt of the reference notices were issued upon the parties who entered appearance and filed separate written statements.

The Union in their written statement filed on 6th December 1965 inter alia contended that Messrs. Shalimar Chemical Works (P) Ltd., was a prosperous concern employing nearly 200 workmen in its office and factory at Narendrapur in the district of 24-Parganas. The workers however had no security in service and they frequently had to face discharge and were again recruited as new entrants. The existing rights and privileges of workers were arbitrarily curtailed by the management without any regard for industrial relations. In April 1963, the minimum monthly emolument of a worker was reduced from Rs. 90 to Rs. 65 and the quantum of annual bonus was also reduced in the

year 1965. The workers were accordingly compelled to start trade union movement as a result of which, management started victimising some important members of the Union. The Union after its formation made a charter of demands in February 1965 which however was not accepted. The Union thereupon moved the Labour Directorate of the Government for enforcement of their charter of demands and the company resisted it. A conciliation proceeding was initiated in which the employer refused to participate and finally the Government, in the Labour Department, referred the matters for adjudication.

Regarding the grades and scales of pay the Union contended that the company had no systematic grade or scales of pay and the Union prayed for introduction of a unified scale of pay in the following manner :

Rs. 65—4—85—5—110—7—145—10—195.

The Union also pleaded that certain, categories such as khalasis, packers, tin-sealers, fillers, cobra-crackers, peons, chaprasis, durwans, etc., should start with the minimum starting salary whilist certain other categories as machinecrushers, cocoanut-fry-men filter machine operators clerks, drivers, etc., should start with a higher initial i.e. at Rs. 85 per month. This, according to the Union was absolutely necessity and was intimately connected with the efficient working of the organisation.

Regarding wages, the Union claimed house rent of Rs. 10 per month for those workers who are not provided with quarters and also value of free tiffin in cash to those who did not or could not avail of the canteen facilities. The house accommodation, according to the Union, in the area was scares and expensive and the abnormal high rate in securing th e accomodation may be partially compensated by payment of a modest house rent of Rs. 10. These claims were made as these are included within the definition of wages in section 2(rr) of the Industrial Disputes Act.

Regarding holidays the Union claimed 13 festival holidays every year to be fixed in consultation with the representatives of the Union and this, according to the Union was essential for maintaining and increasing industrial efficiency as well as improving employer-employee relationship.

Regarding dearness allowance the Union claimed at the rate of 50 per cent. of the basic pay subject to a minimum of Rs. 35. This demand according to the Union was the bearest minimum which would cover the physical needs of the workers and keep them above starvation and the question of financial capacity of the company should not be taken into consideration in providing for this minimum dearness allowance.

Regarding Issues 5 and 6 the Union asserted that the refusal of employment of Shri Anil Baran Manna is illegal and unjustified and he should be reinstated with full back wages for the period of his forced idleness and the company should also reinstate Gopi Ram and Gopal Chandra Dey in their former jobs as their services were terminated without proper evidence or enquiry on a fabricated charge. Upon the aforesaid and other contentions raised in the written statement the Union prayed for an award :—

(a) introducing an incremental scale of pay with a direction to fit in different categories of workmen in the said scale;

(b) to grant house rent allowance of Rs. 10 per month and also cash value of the free meal for those who do not avail of that meal;

(c) 13 days festival holidays every year with full pay;

(d) dearness allowance at the rate of 50 per cent. of the basic pay;

(e) reinstatement of Anil Baran Manna, Gopi Ram and Gopal Dey with full back wages.

The company in their written statement filed on 7th February 1966 after traversing material allegations set out in the written statement of the Union, inter alia contended that the company was originally started at Narikeldanga in the year 1945 in a modest manner and it was only in the year 1960 that the company found it convenient to expand its activities and started a factory at Narendrapur in the district of 24-Parganas. The production of the factory was mainly pure coconut oil which is manufactured by crushing copra. It is difficult to get copra in Bengal and because of various difficulties and heavy competition the company had to face an uphill tusk in maintaining its production level and quality. The company denied that it was a prosporous chemical concern compared to similar other concerns in the same line of business and they also denied that 200 workmen were employed in their office and Narendrapur factory. The company further denied that the workers had no sucurity of service or were frequently discharged and again recruited as new entrants or that their emoluments were ever reduced. On the contrary the emoluments were from time to time increased and the system of production bonus was introduced on and from 1963. The company denied that the workers were victimised for their alleged trade union activities.

Regarding grades and scales of pay, the company disputed the statements made by the Union and asserted that it was uncalled for and excessive. The wages paid to the workmen were more or less on the basis of their personal capacity and there was no grade and scales of pay in existence. They also pleaded that the relevant books and account if and when produced will show that it was not possible to introduce the grades and scales of pay in the manner demanded by the Union.

Regarding wages the company contended that there was no specific issue of house rent and the matter could not be investigated under the issue of wages. The present wage structure prevalent in the factory was on the higher side and it was the only concern in West Bengal which manufactured coconut oil from copra. It was therefore upon the Union to prove that the wages paid by the company in this industry is not up to the mark.

Regarding dearness allowance the company at present paid D.A. at the rate of 25 per cent. of the baic pay and characterised the demand of the Union as fantastic.

Regarding holidays, the company states that at present 18 holidays were granted to the workmen in a calendar year and it was not possible for the company to increase the holidays further as that would adversely affect production.

Regarding Anil Baran Manna, the company maintained that Shri Manna voluntarily left the services of the company and was paid his dues on his own prayer and there was no refusal to employ him at any time. There is therefore no question of refusal to employ Shri Manna.

As regards Gopiram and Gopal Ch. Dey the company contended that they were dismissed for misconduct after proper domestic enquiry and there is no reason or justification for their reinstatement.

Appearances of the parties are as follows :—

For the Union : Shri Nikhil Ranjan Roy, Advocate.

For the Company : Shri C.L. Ganguly, Advocate.

The Union examined four witnesses including two dismissed workers Anil Baran Manna and Gopi Manna and the company examined three witnesses including the Factory Manager, an Accounts Assistant and a peon.

Decision

Issue No. 1

Tulshi Das Ghosh (O. P. W. 1), Factory Manager of Shalimar Chemical Works (P) Ltd., he was working in the since its inception in the year 1947, stated in his evidence that the factory was shifted to Narendrapur in the year 1960 and appears to have made rapid progress ever since. The balance-sheets since the transfer of the factory to Narendrapur showed satisfactory progress and at the end of June 1965, there was a reserve of Rs. 4,50,000 as against the paid-up capital of Rs. 4,60,300. The company has also been declaring dividend since its transfer to Narendrapur and in the years 1964 and 1962, this percentage was 20. Following table would show the sales, gross profits, net profit and establishment expenses during the period from 1961 to 1965.

Year	Scales	Gross profit	Net profit	Establishment Expense
1	2	3	4	5
1961	46,43,706.17P	4,92,202.46P	1,64,329.34P	45,176.00P
1962	67,57,001.21P	7,94,487.39P	2,73,102.81P	68,527.00P
1963	92,07,025.48P	10,24,458.77P	2,79,508.23P	1,13,739.00P
1964	1,20,94,677.57P	13,90,736.23P	4,71,307.03P	1,24,727.00P
1965	1,44,07,555.50P	16,20,564.51P	5,42,085.63P	1,57,202.00P

Ever since the company went into production in Narendrapur, it has been able to maintain steady increase and marked improvement as regards sales and profits. The expenses also appear to have mounted during all these years but not to the extent of profits. For example the expenses on establishment account in 1963, 1964 and 1965 respectively were Rs.1,12,739, Rs. 1,24,727 and Rs. 1,57,202. The position as regards reserves, scales and profits appear to be encouraging and re-assuring since the factory started operating at Narendrapur. Shri Ganguly appearing on behalf of the company sought to contend that the company had not the financial capacity to bear the burden of an incremental grade or scale of pay and in the absence of a comparable concern either in the region or elsewhere to indicate what might be the pay scale of the workers in such industry, it would not be proper for the Tribunal to saddle the industry with an incremental grade. It is true that unless the financial position of the company is proved to be sound, claim of the Union for incremental grades, etc., should not ordinarily be admitted. Undoubtedly there are no comparable concern doing similar kinds of business either in the area or elsewhere and there is no evidence on the record to show that there were other industrial concerns in the region where the workers got certain incremental scales of pay. In French Motor company's case reported in 1962 (II) L. L. J. page 744, industrial courts were directed by the Supreme Court to compare the wage-scales prevailing in similar concerns in the region with which it was dealing and generally speaking similar concerns were to be regarded as those in the same line of business as the concern in respect to which the dispute was under consideration. Even if, same concern was in the same line of business, it would not be proper to compare a struggling concern with a large flourishing concern and it was imperative for the industrial adjudication to take into consideration the extent of business carried on by the concern, the capital invested by them, profits made by them, nature of the business carried on, their standing, the strength of the

labour force, presence or absence and the extent of reserves, dividend declared and the prospect about future of the business and other relevant factors. In the case of G. C. Industries Mazdoor Union reported in 1962, L. A. C. page 178 it was pointed out by the Labour Appellate Tribunal that scales or grades of pay should not be forced upon an employer of industrial labour unless it was established that the employer have to the present capacty to pay and the financial capacity can be counted on in future. It was pointed out therein that it would not be sufficient ground for increasing rates of wages, even if, it was shown that the industry has been able to make substantial profit in a particular year. As already observed there are no comparable units either in the region or elsewhere and the industry-cum-region formula innunciated by the Supreme Court in the Express Newspapers (P) Ltds. (1961, 1, L. L. J. page 339) and other cases cannot be said to be applicable in the instant case. The Labour Appellate Tribunal in the Caltex case reported in 1952 L. A. C. page 402 observed that to determine fair wage the important factor was the capacity of the industry to pay and the prevailing rate of wages which was not to be appraised on the footing of industry-cum regions basis.

Question now for decision is what would be the basis in determining the grades and scales of pay for the workers in a concern for which there are no comparable units. There are certain widely accepted principles which has got to be scrutinised before framing a wage structure for any industry. These principles are to be found in the report of the Fair Wage Committee. The floor level of wages as formulated by the Fair Wage Committee and as observed by the Supreme Court in a number of decisions does not depend upon the capacity of the industry to pay but the upper limit of the wages is restricted by what is called the capacity of the industry to pay. This capacity is not the capacity of a particular unit but capacity of the entire industry on an industry-cum-region basis. The Fair Wage Committee took four factors into consideration in determining the level of fair wages. They are :

(a) prevailing rates of wages in the same or similar occupation in the same or neighbouring localities ;

(b) productivity of labour ;

(c) level of National income and its distribution ; and

(d) place of industry in the economy of the country.

The Labour Appellate Tribunal (1952 L. A. C. 490) did not attach much importance of the productivity of the labour and place of industry factor but they attached great importance in the prevailing rate of wages in the same or similar occupation in the same region as it was capable of more pricise definition than other factors. Unless level of wages of workers employed in similar occupation in the neighbourhood was maintained, there was likelyhood of an over flow of labour because of better level of wages from one industry to another but there was also the question of industrial unrest, should the wage for one industry be fixed without regard to the prevailing rates of wages in similar industries in the neighbourhood. So the Tribunal should have regard to the current condition of the industry and other relevant considerations and should not fix a wage scale which may approach the standard of living wage much in advance of the existing conditions. Consequently, it would best subserve by making the wages commensurate with the capacity of the industry to pay. It should not also be lost sight of what is fair wage in a particular industry in one region, may be living wage in the same industry in another region.

Since the company had no wage structure for its employees, it would be necessary to undertake an elaborate enquiry about the consumer price index number and the minimum requirement for middle class or working class family on the basis of prices of various commodities usually consumed by them. As the demand of the union is somewhat modest, this enquiry in my view is not be necessary . The Union under the heading grades and scales of pay prayed for introduction of an unified scale of pay in the following manner:

Rs. 65—4—85—5—110—7—145—10—195.

and wanted certain categories such as khalasis, packers, tin-sealers, etc., to be placed at the botton of the scale and certain other categories such as machine-crushers, coconut-fry-men filter machine operators, clerks, drivers etc., to start on a higher salary. The company in their written statement whilist admitting that there was no grades or scales of pay disputed the claim of the Union and asserted that the wages paid to the workmen were more or less on the basis of their personal capacity commensurate with their length of service. The company produced a chart showing basic wage, D. A., production incentive, etc., of each individual worker with the date of appointment and this chart has been marked Ext. E. On a reference to this chart it appears that none of the worker draw less than Rs.60 per month as basic wage and the highest pay drawn is Rs. 215. Quite a number of them draw Rs.100 and above. Anil Baran Manna (P.W. 1) who is the only witness examined on behalf of the Union on this point stated that the pay of an unskilled worker including dearness allowance varied from Rs.90 to Rs.130 per month. The lowest pay including D. A. according to him is Rs.100 and the highest was Rs. 140. The chart Ext. E however show the position to be somewhat different. Tulshi Das Ghosh (O. P. W. 2) who is the Factory Manager of Shalimar Chemical Works (P) Ltd., in his evidence stated that the total strength of workers at present was something between 160 to 165 who work in two shifts. There ware no skilled worker in the factory and of the total number employed 15 to 20 can be regarded as semi-skilled and all the other workers are unskilled workers. The semi-skilled workers however have no separate designation. The workers, according to this witness, draw basic pay, dearness allowance, production bonus and the company also supplied free meal to them. The minimum for a worker comes something like Rs.123 whilist the minimum of a semi-skilled worker would be Rs.170 to Rs.175 per month and the maximum would be 362 per month. The witness further denied that the pay of workers was reduced at any time. The total emolument of semi-skilled and unskilled worker thus comes to Rs.150 per month. From what has been discussed above it is evident that the average monthly emolument of a worker compared favourably with scales of pay demanded by the Union, in the charter of demands.

As the company has been able to earn good profits since it started functioning at Narendrapur and as its financial capacity can be continuously counted upon there is no reason why it should not be called upon to introduce grades and scales of pay. It must however be pointed out that the workers in this concern do not draw higher basic pay than minimum rates of wages fixed for the employees employed in the oil mills in West Bengal. Government of West Bengal, by a notification, dated 1st of October 1959 (No. 5059 LW/ 2W—41/59) has fixed minimum rates of wages payable to the employees employed in oil mills in West Bengal. The monthly rate of such wages for the unskilled, semi-skilled and skilled workers in Calcutta, Howrah and Bally Municipalities and the outlying areas was fixed in the following manner :

	Unskilled	Semi-skilled	Skilled
Calcutta, Howrah and Bally Municipalities	52	58	78
Outlying area	50	56	76

As there are no skilled worker in this concern minimum rates payable to unskilled and semi-skilled may be taken into consideration. The minimum wages, it appears were fixed in the year 1959 when the average consumer price index was 387 points taking 1930 as the base year. Since then thre has been a rise of about 200 points in the cost of living index and the minimum monthly rates of wages cannot be taken to be a determining factor in the matter of fixation of wage scale of employees of any industry crushing copra and manufacturing coconut oil there from in the year 1967. Moreover the company certainly can pay higher wages and bear the burden of an incremental scale. The annual recurring expenditure on this account is not expected to be more than 1,100 a year, taking Rs.6-5-0 as the average increment on the basis of the scale claimed by the Union. I have alredy discussed the financial burden of the company and in my view the company is in a position to bear the burden, if an incremental scale of pay is introduced for the workers. The scale claimed by the Union cannot be regarded as excesive or imaginery and on a careful consideration of all the materials on record I have no hesitation in accepting their claim with slight modification. The Tribunal accordingly finds that the scales of pay for the workers of Shalimar Chemical Works (P) Ltd., be :

Rs. 60—4—80—5—100—8—140—10—200 with a selection grade of R.225.

The unskilled workers will start at the bottom of the scale whilist the semi-skilled workers will start from the second stage of the grade, i.e., from Rs.80. The company should maintain a list of workers, who are semi-skilled and unskilled and in future all appointment as semi-skilled and unskilled workers should be on the basis of the starting salary hereinbefore mentioned. The existing workers will however be absorbed in the incremental scale with effect from 1st January 1967. Those of the workers who fit in the new scale of pay will earn one increment and have their pay fixed at the next stages of the scale. Those who will not fit in in the new scale will be placed at the immediately higher rung in the scale and each worker should earn his increment after completion of one year's service

Issue No. 2

Wages

The Union claimed house rent allowance and cash equivalent of tiffin allowance under this issue and the company opposed this claim on the ground that such claims are not covered by this issue. It is true that house rent and concession supply of foodgrain and other articles are included within the definition of wages provided in section 2 (rr) of the Industrial Disputes Act but neither party choose to adduce any evidence on the point of house rent or cash equivalent of tiffin allowance paid to the workmen. According to O.P.W.2 Tulshi Das Ghosh all the workers get one free meal in each shift and the company supplied dresses to certain categories of workers, such as, drivers, sweepers, malis etc. Moreover the workers were paid Rs. 200 each as winter allowance in the year 1965. All these allowances increased the workers emoluments and ultimately increased his wage packet and I do not therefore consider that any further house rent should be paid to the workers at this stage of development of the company. It has not been shown nor there is any evidence on record that accommodation in the area is scarces or far too expensive for a worker drawing a pay like this. Payment of cash allowance in lieu of free meal will also complicate matters inasmuch as the company will then have to make arrangement for tiffin for one set of work and cash allowance in lieu thereof for another set. The free meal is apparently given in order that workers may not loose any time in having their tiffin outside. The introduction of cash allowance in lieu of tiffin will create complication in this regard and I do not see any reason to grant this allowance, more particularly, when no specific issue has been framed for their consideration.

Issue No. 4

Holidays

The Union demanded 13 festival holidays (including 10 religious and 3 national) every year and wanted the holidays to be fixed in consultation with the representatives of the Union. The company, on the other hand, stated that the total number of holidays have been gradually on the increase and it is now 18 days in one calendar year. The company pleads its inability to grant any more holidays and since 18 days was in excess of the Union's demand, there is no point in granting any more holidays. The Union was prepared to accept 18 holidays in a year which they wanted to be fixed in consultation with the representatives of the Union. I have carefully considered the matter and in my view the company should grant 13days festival holidays every year on nine festivals and the workers will also get 5 more holidays every year to be fixed by the employers and in doing so they should as far as practicable ascertain the wishes of the workers.

The following are the list of 13 days festival holidays:

Netaji's Birth day	..	one day
Republic day	..	one day
Dol Jatra	..	two days
Bengali New Year's day	..	one day
Muharram	..	one day
Independence Day		one day
Viswakarma puja	..	one day
Durga puja	..	four days
Kali puja	..	one day

This issue is thus answered.

Issue No. 3

Dearness allowance

The Union claimed dearness allowance at the rate of 50 per cent. of the basic pay with a minimum of Rs. 35. In demanding the dearness allowance the Union contends that this is the minimum which should cover the bare minimum needs of the workers and is just sufficient to keep them above starvation. The question of financial capacity should not come into play in paying this minimum. The company, on the other hand contends that it pays 25 per cent. of the basic pay to the workmen as dearness allowance and characterised the claim of the Union as fantastic.

The wages fixed for the workers cannot be regarded even as fair wages in the content of present day price index having regard to the minimum rate of wages for the oil mill workers of West Bengal, discussed above, present day rate of dearness allowance for the workers in this concern clearly appear to be inadequate and unsatisfactory. Undoubtedly there has been a rise in the living index as reflected in the consumer price index number for the working class in Calcutta. The average cost of living index for the year 1965 was 507 and that for 1966 would be above 550. The present rate of dearness allowance of the company is not calculated upon any scientific basis and the cost of living index has not been taken into consideration in the matter of fixation of the dearness allowance. That being the position and as the workers are going to get a pay rise not more than 50 per cent. neutralisation should be allowed. Third Major Engineering Tribunal fixed the dearness allowance for the working class on a sliding scale at the following rates in the year 1957.

	Dearness allowance fixed at Rs.
For the pay range up to Rs. 50 ..	36
For the pay range from Rs. 51 to Rs. 100 ..	47
For the pay range from Rs. 101 to Rs. 150 ..	53
For the pay range from Rs. 151 to Rs. 200 ..	59
For the pay range Rs. 200 and above ..	65

This dearness allowance was fixed on the basis of the cost of living index at 364 points prevailing in 1957. Since then there has been a rise in the cost of living index to the tune of nearly 140 points. Taking a rise in the cost of living index at the rate of Re. 1 for every 10 points, the dearness allowance granted by the Third Major Engineering Tribunal ought to be increased by Rs. 14. The Union however has demanded dearness allowance at the rate of 50 per cent. of the basic pay in all the stages subject to a minimum of Rs. 35. If the workers are granted dearness allowance at the rate of 50 per cent. of the basic pay, it will still then a fall short of the dearness allowance calculated at the above rate by a considerable amount. The workers are however getting a production incentive which in the lowest rung of the grade exceeds their basic salary, in most cases. As any reduction in the production incentive is likely to be opposed by the workers, the Tribunal cannot exclude this item from consideration in fixing the wage packet of the workers. In this view of the matter I consider that the following rates of dearness allowance on a sliding scale to all the workers of Shalimar Chemical Works (P) Ltd., will meet the ends of justice.

	Dearness allowance per month
For those drawing pay up to Rs. 60 ..	35
From Rs. 61 to Rs. 100 ..	40
From Rs. 101 to Rs. 150 ..	45
From Rs. 151 to Rs. 20 ..	50
From Rs. 201 and above ..	55

New rates of dearness allowance will be made effective from 1st January 1967.

Issue No. 5

The Union's case is that Anil Baran Manna has been working as a peon for more than 3 years. He worked up to 11th October 1964 and started absenting himself from 17th October following pujah holidays. The workers' explanation was that he was verbally asked by Bikash Babu of the Accounts Department to report on 19th October as 17th was a Saturday but due to transport difficulty he could not attend office on the 19th and actually joined duty on 21st October. He signed the attendance register but was not allowed to do any work. No charge-sheet was issued to him nor was there any enquiry.

The company in their written statement inter alia denied that the company ever refused employment to Anil Baran Manna and contended that Shri Manna worked till 11th October 1964 and thereafter he proceeded to his native place during the pujah holidays and began to absent himself from 17th October 1964 onwards without any permission. Shri Manna wrote a letter to the company admitting this irregularity and in the beginning of November 1964, approached the management and expressed his desire to resign and wanted some money to be paid to him and the company after considering his prayer made an ex-gratia

payment of Rs. 125 against a clear receipt on 11th November 1964. Thereafter on 16th November 1964 Shri Manna wrote a letter to the company complaining about the alleged refusal of employment which was totally false and motivated. There was no question of any enquiry or charge-sheet as Shri Manna voluntarily left the service of the company after receiving ex-gratia payment.

Shri Manna in his evidence denied that he voluntarily left the service of the company and asserted that he never deliberately absented himself from duties for a long time. He admitted having received payment of Rs. 125 in October 1964. But this, he explained was on account of his transfer to the factory at Narendrapur for which he was paid the amount in advance. The receipted voucher showing ex-gratia payment of this amount has been marked Ext. G(1), but there is nothing in this voucher to show that he was quitting the service of the company or that the payment was in response to his prayer for sympathetic consideration. On the contrary the receipt also does not indicate that the amount was paid to meet his expense on transfer to the Narendrapur factory. The transfer itself has been denied and there are no papers to show that Shri Manna was ever transferred to the Narendrapur factory at that time. Undoubtedly this amount was received by Shri Manna not as a regular payment towards his salary or other dues but the absence of a scrap of paper indicating Shri Manna's desire to quit the service seems surprising. That a limited concern like Shalimar Chemical Works (P) Ltd., should proceed to make such payment on the verbal representation of a worker seems equally unconvincing. The company has produced an application of Shri Manna, whereby he tried to justify his absence and prayed for being excused, and assured the management that in future he would never do such thing. This letter has been marked Ext. B and appears to have been received by the company on 24th October 1964. On the face of this letter it seems somewhat improbable that Shri Manna would proceed to tender his resignation; on the contrary, it is more likely that he was prevented from joining because of his unauthorised absence. Admittedly, Shri Manna did not join his duty on the expiry of the pujah holidays in 1964 and he also seems to have overstayed his leave in the middle of May 1964 on various pretext. This must have annoyed the management, but that is no reason why he should not be allowed to join. The company had no standing orders of its own and the model standing orders of the West Bengal Government did not provide for any summary dismissal for such short of unauthorised absence. According to Shri Manna (P.W.1) he reported for duty on 21st October 1964 when another peon Shri Hridoy Ranjan Chakraborty asked him to see the Managing Director first. Shri Manna claims to have signed the attendance register that day but that attendance according to him was erased by Shri Hridoy Chakraborty. According to Shri Hridoy Ranjan Chakraborty, Manna himself erased his attendance in the attendance register when he asked Shri Manna about it. He also asked Shri Manna to see the Managing Director first and then to sign the attendance register but Shri Manna without waiting for the Managing Director, who did not come on that day, signed the attendance register and subsequently out of fear had it erased. For 3/4 days Shri Manna did not attend the office and thereafter he came to the office and left the application Ext. B with him which he placed in the table of witness Bikash Chandra Chakraborty. According to Bikash Chakraborty when Anil Baran Manna came to join his duty after pujah holidays in 1964 he asked him to approach the Managing Director and took him to the Managing Director where Anil Baran Manna expressed his readiness to resign and wanted some money. If the statement is correct then it is not understood why Anil was not asked to submit a written application, instead his application Ext. B shows that he wanted to be forgiven for the lapses. Shri Manna at any rate had not asserted himself or wanted to tender his resignation. The management was obviously annoyed with Anil Baran Manna's conduct for overstaying his leave, more particularly, as he overstayed leave on a previous occasion in the middle of May 1964 on a different and unconvincing pretext. Even so the management should have proceeded against him in a regular fashion and in the absence of anything to show that Anil Baran Manna voluntarily resigned from service. I must hold that the management refused employment to Anil Baran Manna and the refusal is clearly unjustified. In my view Anil Baran Manna is entitled to be reinstated to his former post. He claimed to have been unemployed eversince he was refused employment but he has not been able to show any jutifiable ground for his accepting Rs. 125 as an ex-gratia payment. I do not therefore think it proper to grant him any arrear pay and allowance. As the period of unemployment was forced upon him, this period should be regarded as extraodinary leave without pay and he will be entitled to have the advantages of continuous service as and from the date of his srvice.

Issue No. 6

Gopiram has been dismissed from service on a charge of misconduct after proper enquiry and the Union in their written statement challenged the charge as fabricated and asserted that the charge against him has not been substantiated; hence he is entitled to be reinstated with full pay and allowances.

The company, on the other hand, contended that the dismissal was justified as it was done after proper enquiry which was conducted by Shri R. Das Gupta, Labour Adviser and attended by Shri Gopiram and his representative.

Gopiram (P.W.2) in his evidence admitted that the enquiry was properly and fairly conducted but maintained that he was not at fault and the order of dismissal was not proper. The enquiry proceedings has been marked Ext. T and the copy of the charge-sheet has been marked Ext. J. He was charged for refusal to do work on the certain day and also for refusal to carry out the lawful order of the superiors.

There was a domestic enquiry by Labour Adviser R. Das Gupta and Gopiram was not only present at the said enquiry but was represented by the Union President Chittaranjan Das. The management examined four witnesses, namely, S. Ghosh, Dhiren Barua, Nalini Kanta Jana and Achinta Kumar Das Gupta. The enquiring officer on a consideration of the evidence found that the charge No. 1 was duly proved but charge No. 2 has not been made out. Witnesses were cross-examined at length by the Union President and the allegations were that Gopiram refused to drive delivery

van No. WBV 820 for carrying the goods of the company with Salesman Shri Achinta Kumar Das Gupta when asked by Store in-charge Sachin Ghosh at about 10 a.m. on 10th February 1965. From the evidence it is clear that Gopiram was disinclined to drive the van for various reasons. First he stated that the van was out of order. When the service of the mechanic had been requisitioned and it became known that the van had been set right in the previous evening and it was pointed out to him, Gopiram allegedly left the van with the keys with him. Secondly, he said that his duty period was up to 2 p.m. and the assignment was not likely to be completed by that time. He was unwilling to go out and lastly he gave out that he was feeling sick and he wanted to be relieved earlier. Several witnesses have proved this fact and the inference is irresistable that Gopiram was unwilling to perform his duty on pretexts, none of which appear to be convincing. The enquiring officer gave out elaborate reasons for his conclusion and none of the witnesses appear to be biased or prejudiced against Gopiram. In fact some wanted to justify his action. The enquiry was done in a proper and fair manner and Gopiram himself admitted that. Principle of natural justice was in no way violated and on a careful consideration of all the materials on record I do not see any reason to differ from the finding of the enquiring officer in so far as charge No. 1 is concerned. That being a major misdemeanour within the meaning of paragraph 14(b)(i) of the Model Standing Orders which in the absence of the Standing of its own, will be regarded as standing orders of the company under section 12A of the Industrial Employment (Standing Orders) Act, 1946, the management cannot be said to be unjustified in taking action against Gopiram and the dismissal in the instant case must be held justified and he is not entitled to any relief.

As for Gopi Chandra Dey, it is to be pointed out that the Union did not sponsore his case any longer as he wanted to dissociate himself with this adjudication. He filed an application to the Tribunal on 1st December 1966 inter alia stating that he was no longer a member of the Union and did not want to persue the case and also informed the Union about this fact. Gopal Dey was present on that day and his identification was not disputed on behalf of the Union. That being the position and as the case was not pressed by the union, justify the issue regarding dismissal of Gopal Chandra Dey is hereby dropped.

This is the award of the Tribunal.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

For India Jute Cotton Workers' Union: Shri Kali Banerji, Advocate.

The Government of West Bengal, in the Department of Labour, by order No. 6704-I.R./IR/8L-44/65, dated the 21st December 1965, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute existing between Messrs. India Jute Company Ltd. (Cotton Mill Section), P.O. Serampore, district Hooghly (Registered Office at 16 Strand Road, Calcutta-1), and their workmen represented by (1) Serampore Subdivisional Cotton Textile Workers' Union, G. T. Road (Mahesh Congress Office), P.O. Rishra, district Hooghly, and (2) India Jute Cotton Workers' Union, 18 Dharamtala Lane, P.O. Serampore, district Hooghly, to this Tribunal for adjudication on the issue mentioned in the order of reference.

Issue

(1) Whether introduction of piece-rate system in the Winding Section is justified? What relief, if any, are the workmen entitled to?

AWARD

In the written statement filed by the workmen as represented by Serampore Subdivisional Cotton Textile Workers' Union, it is alleged that Messrs. India Jute Mill Co. Ltd. runs a Cotton Mill which has different departments including Winding Department and the Company has in its employment in the Winding Department more than 80 workmen on permanent basis. The workmen in the Winding Department were appointed on time-rate, monthly/fortnightly paid system. With effect from 16th May 1965 the Management capriciously changed the basis of payment of wages of the workmen of the Winding Department from time-rate to piece-rate. As a result, the workmen suffered loss to the tune of Rs. 12 per fortnight per head. This change in the manner of payment of wages was effected by the Management without giving any notice under section 9A of the Industrial Disputes Act. The workmen earned higher wages in the time-rate system. Therefore, they raised an industrial dispute before the Assistant Labour Commissioner, Chandernagore, by its letter, dated 7th July 1965. As conciliation failed, the matter has been referred to this Tribunal for adjudication. In its written statement, the Union has prayed for a declaration that the introduction of piece-rate system had not been justified and for directing the Management to restore the old system of time-rate with full compensation for the loss of earnings sustained by the workmen with retrospective effect from 16th May 1965.

In the written statement filed on behalf of India Jute Mill Co. Ltd., the Company has stated that the present reference is not maintainable, as no specific relief is sought and referred for adjudication before this Tribunal. It has further been alleged by the Company that the Cotton Mill Section of the Company had started production in the Winding Section from 1st February 1960 and the workers were appointed on time-rate payment basis. The workers of the Winding Department are still being paid fortnightly since 16th May 1965. The Company has introduced in a section of the Winding Department piece-rate system by replacing the time-rate system, which was in force. The total number of workmen who have been affected by this introduction of piece-rate system are only 24. Cimmco Muller machines introduced by the Company in the Winding Department have a higher productive capacity and with the expectation of better production and for giving incentive, piece-rate system was introduced by the Company with effect from 16th May 1965. This system was introduced by the Company after discussion with the concerned workmen individually and collectively and after issuing a departmental notice. This system was introduced with the consent of the workmen concerned. The Second Omnibus Cotton Textile Tribunal, in its award, dated 10th June 1958, fixed both time-rate and piece-rate payments for the Winding Department and the Company has acted according to the award of the said Tribunal. The Company has further alleged that actually after the introduction of the piece-rate system some of the workers who were working in the Cimmco Muller machines in the Winding Section are geeting more than what they used to earn when time-rate payment was prevalent. The Company also compensated the workmen for their average loss in earnings, though the workmen failed to give normal production because of their low efficiency. No notice under section 9A of the Industrial Disputes Act is required to be given in the present case. It has further been alleged by the Company that only 24 workmen have been affected by the introduction of piece-rate system and all of them are not permanent workmen. Departmental notice was issued on the workmen before introduction of the piece-rate system, which was done with the consent of the workmen. The introduction of the piece-rate system by the Company has been a lawful act and the Union's prayer for restoration of the old system of time-rate with compensation for the loss of earnings should be rejected.

The preliminary objection that was raised on behalf of the Company is that the Tribunal has no jurisdiction to adjudicate on the issue under reference, because the issue is not covered by the reference. The learned lawyer for the Company has argued that the Tribunal has jurisdiction to adjudicate upon the subject-matter of the reference only and cannot decide any matter outside it. In support of the contention, the learned lawyer of the Company has referred me to the ruling reported in A.I.R. 1959, SC, page 1191. This ruling lays down that it is only the subject-matter of the reference with which the industrial tribunal can deal. None of the parties have any quarrel with this principle of law. It is a settled principle of law that in determining the scope and nature of the point referred to the industrial tribunal, a Court must look to the order of reference itself. In the present case, the order of reference is very clear. The issue is whether the introduction of piece-rate system in the Winding Section is justified and what relief, if any, are the workmen entitled to. The Union has prayed for compensation for loss of earnings. In my opinion, this prayer is covered by the issue under reference. If the Tribunal finds that the introduction of piece-rate system in the Winding Section is unjustified and if the Tribunal intends to give any relief to the workmen, then of course the question of giving compensation for the alleged loss of earnings will arise. For this purpose, there need not be any assumption, correct or incorrect. I accordingly hold that the reference is maintainable in law and the points agitated by the Union are covered by the subject-matter of reference.

The learned lawyer for the Company has argued that no notice as required by section 9 has to be given in the present case, because it is not covered by Schedule Four of the Industrial Disputes Act. I am unable to agree with this contention of the learned lawyer of the Company. Introduction of piece-rate system in place of time-rate system contemplates a change in the mode of payment. Hence, it is covered by item No. 1 of the Fourth Schedule of the Industrial Disputes Act.

The learned lawyer for the Company has also argued that no notice under section 9A of the Industrial Disputes Act is necessary in the present case, because the change in the present case was effected in pursuance of an award by a Tribunal constituted under the Industrial Disputes Act. In my opinion, there is considerable force in this contention of the learned lawyer. It will appear from

Ext. F that in the award passed by the First Industrial Tribunal in the Cotton Textile Industry in West Bengal between the employers of 47 Cotton Mills and their workmen represented by various Union, that the learned Tribunal allowed the introduction of piece-rate system, as it was beneficial to the employer and as it would ensure higher production and lesser necessity of supervision and as the system was beneficial to the worker also. Under issue No. 3 of that omnibus award, the learned Tribunal held that the system was beneficial both to the employer and to the worker. It was beneficial to the worker, because this system is an incentive to work and provides opportunities of earning higher and higher wages. The learned Tribunal allowed the plea of the Bengal Millowners' Association that the very idea of the piece-rate system was to give an incentive to work. The learned Tribunal held that there was no scheme of guaranteed minimum of basic wages for piece-rated workers in the Cotton Textile Industry in Bombay, Madras or U.P. or in the Jute Textile Industry in West Bengal. The learned Tribunal rejected the claims of some of the Unions in that omnibus award for a guaranteed minimum basic wage for piece-rated workers. Ext. F, therefore, clearly shows that the change from time-rate to piece-rate was effected in pursuance of an award of the First Industrial Tribunal, West Bengal, passed on 10th June 1958. No notice under section 9A of the Industrial Disputes Act is, therefore, necessary to be given in the present case to the workmen concerned. In fact, it is admitted by the Chief Welfare Officer of India Jute Mill Co., O.P.W. 2, that no notice was given under section 9A of the Industrial Disputes Act when piece-rate was introduced. O.P.W. 2 has of course stated that they gave a departmental notice and informed the workers prior to that. He has further stated that he had called the workers to his office and talked to them in the presence of the Department in-charge. This Department in-charge has not been examined. Furthermore, there is no evidence except the words of mouth of O.P.W. 2 himself to show that any departmental notice was given or that the workmen were informed prior to the introduction of the piece-rate system. The workers, viz., P.W. 1 and P.W. 3, have denied having seen any notice. They have also denied that they were informed prior to the introduction of the piece-rate system. The departmental notice, Ext. A, produced before me by the Company, does not show that it was really served and was shown to the workmen. I must, therefore, hold that no departmental notice was given by the Company before the introduction of the piece-rate system. But no notice under section 9A is required to be given in the present case, as the change was effected in pursuance of an award.

The Company introduced piece-rate system on the idea that it would give an incentive to work and the earning of the workmen would be higher and higher. This matter was also discussed before the learned First Industrial Tribunal in the Omnibus Cotton Textile case and the learned Tribunal approved of the introduction of the piece-rate system in his award, dated 10th June 1958. I hold that introduction of piece-rate system in the Winding Section is justified.

On behalf of the Union, compensation for the alleged loss of earnings by the introduction of piece-rate system in place of the old time-rate system has been claimed. O.P.W. 2 Shri Prafulla Kumar Banerjee, Chief Welfare Officer, has stated that there was shortfall in wages in respect of some workers and some are getting more. O.P.W. 1 Shri Rajat Kumar Das, Winding in-Charge of India Jute Mill, Cotton Section, has stated that the Company had paid the difference by way of compensation and encouragement to work. It is, therefore, admitted that there was shortfall of earning of some of the workmen after the introduction of the piece-rate system. It is admitted that average compensation for the loss of earning has been given. Ext. C will show that average difference between the basic wages of the time-rate and piece-rate system had been paid to the individual workmen. From the evidence of the two workmen examined before me, I could not ascertain if they actually sustained any loss by the introduction of the piece-rate system. P.W. 1 Shri Soumindra Rakshit who is working in the Weaving Department of the India Jute Mill, has stated that his average daily earning was Rs. 3.77 before the piece-rate system was introduced and that his wages became less after the introduction of the piece-rate system. But in cross-examination, he has stated that in the piece-rate system he was getting less to the tune of Rs. 4, or Rs. 5 or Rs. 6 every fortnight. In the same breath, he admits that in the first fortnight between May 16 and May 30 he earned 26 paise more and that in the next fortnight he got Rs. 1.77 more according to the piece-rate system. He has admitted that sometimes he gets more and sometimes he gets less after the introduction of the piece-rate. He has also stated that so far as he was concerned, he got more wages according to the piece-rate than what he used to get according to the time-rate. He has, therefore, no grievance whatsoever. P.W. 3 Rakhal Chandra Deb Nath, who is working in the Winding Department, has stated in his cross-examination that he used to take the entire wages and the difference on giving thumb impression and that he never got anything in excess of what he used to get according to the time-rate. But he never says that his wages became so much less after the introduction of the piece-rate system and has not been able to give any specific figure. It is of course true that some workers got more wages sometimes and some workers got less wages after the introduction of the piece-rate system. It is in evidence that the Company paid the difference in the loss of earnings. It is also not possible on the evidence adduced in this case to fix any guaranteed minimum basic wage for piece-rated workers. As the average difference has already been paid by the Company, the claim of the Union for full compensation for loss of earning is not sustainable and is rejected. The workmen are, therefore, not entitled to any further relief.

This is my award.
